NEW
ANTIOCH BASKETBALL LEAGUE

We are proud and excited to announce our first Antioch Basketball League! We are going all out with smooth uniforms, medals and trophies for the champions. Each team will get three practices and a guarantee of six games and possibly more depending on their team's performance during the championship tournament. Even though this league will be competitive, fun and safety will always be the number one priority. We will have two divisions, the Rookies which are 1st and 2nd graders and the Pros which are 3rd through 5th graders. The Rookies will play on lowered rims to make the games fun and competitive for everyone. The practices and games will be on Wednesdays. The first Wednesday will be evaluation night. The 5 Star Sports Staff will be on hand to evaluate the kids during skills and games and then split the kids up into teams that will be as fair as possible. We will try to accommodate siblings and car pool situations. However, fair and competitive teams may make these requests impossible. Every child is guaranteed to play at least half the game. At the end of the season there will be a championship tournament and every one will get a medal except the kids from the championship team that will receive a trophy. We do need volunteer coaches to lead these future stars as a fun and kind leader. We'll see you in January! Schedules will be given out at the first practice.

PARENT VOLUNTEER COACHES NEEDED!

5 Star Sports and Antioch Parks and Recreation needs parent coaches for its 2013 basketball season. We will be starting in mid January and be running the league every Wednesday through March. You don't have to know everything about basketball but you do have to have the 5 Star Qualities of patience, knowledge, energy, teaching and fun. Safety will be of the highest importance. If you do want to be a coach we just ask that you fill out the sheet below and that you would be willing to submit to a background check. We know coaching is somewhat time consuming and patience testing but if you feel like you could be a positive influence for the children in your community we thank you for volunteering. For more information please call the Parks and Recreation Department

SOCCER

Every child should experience the world's most popular game in a way that will put the "fun" in fundamental. All the necessary skills will be covered that will enhance their confidence and prepare them for league play. Dribbling, passing, shooting and teamwork will be priorities during every class. We guarantee your child will impress you with their skill and knowledge level after they take our class. Every child should bring a soccer ball and clean gym shoes. Shin guards are optional.

We at 5 Star Sports believe hockey is too great of a game to only be played by great skaters. We bring all the speed and skill of the game minus the skates. Each week numerous games will be played that will help improve your child's skill and knowledge level. At the younger level, passing, shooting and stick handling will be the main focus. As the kids grow so does the knowledge. Positions, penalties, and even some hockey plays will all be covered with the older players. The only equipment needed is a helmet and goggles. ADULT PROGRAMMING

CARDS BASICS 101

Casino Gambling is one of the fastest growing forms of entertainment. Casinos are opening up all over the World. Table games can be very intimidating especially if you are using your own money. Blackjack, or 21, and other table games can make your trip to the casino more exciting and challenging than ever. Such table games aren't that difficult to learn. Don't let them intimidate you. You can enhance your experience by learning the basics for some of the more popular games on the casino floor, like Blackjack, and carnival games like Spanish 21, Royal Match, 3-Card Poker, 4-Card Poker, Pai Gow Poker, Ultimate Texas Hold'em, Let It Ride and War. In these classes, we will teach the basic rules for some of the easiest games on the casino floor. Keep in mind these classes are geared toward the beginners. They by no means cover all of the strategies and plays for the games. We strongly suggest that you invest the time to take advantage of these classes before you play with your own money. Casinos want players to understand the games before they play. The added confidence you'll feel with just a bit of knowledge under your belt will go a long way in helping you enjoy the games. A former Potawatomi blackjack dealer will teach this introductory class of Blackjack and your choice of one carnival game. (To be decided the night of the class)
