Dedication Policy

The purpose of this policy is to accept donations for the purpose of establishing memorials, planting trees and installing benches within the parks in honor of a departed family member or friend, or to commemorate a special occasion. The approval of suggested memorials is one that is uniquely suited to the corporate authority and is accordingly reserved to the Village Board on an individualized basis.

The General Dedication Policy

- 1) All applications for memorials on Village property shall be completed on the official service request form and be signed by the applicant.
- 2) The Village Board will consider all applications on an individual basis. There are no set criteria for the Board's approval or rejection of suggested memorials. The Village Board will take into consideration factors such as:
 - a. The civic contributions of the honoree;
 - b. The place of the honoree and his or her family within the Village;
 - c. The length of time the honoree or his family have been members of this community;
 - d. The character of the individual honoree;
 - e. The reputation of the individual honoree;
 - f. Any stated purpose for the dedication, such as to inspire others by example or to remember a particular civic leader;
 - g. The age of the honoree at the time of his or her demise;
 - h. Any other factors the family may wish to bring forward;
 - i. Any other factors the Board finds appropriate to judging this application.
- 3) The Village Board expressly reserves the right to exercise independent judgment and discretion in passing on all applications, and affirmatively states that granting an application is a strong statement of the entire Village in honor of that individual honoree, and as such, it should not be granted lightly or without appropriate consideration for all factors that might be applicable to that individual or his or her contributions to the common good of this Village.
- 4) It shall require the affirmative vote of 5 of the sitting members of the Village Board and Mayor to approve an application.
- 5) In the unusual circumstances that sometimes befall individuals, should it ever become known after a dedication that the honoree was undeserving of the honor, the Village reserves the right to revoke the approval and remove the dedication. Recognizing that this is certain to evoke emotional responses and upset expectations, the Village Board will take this action only when it finds that it is truly necessary to protect the public reputation of the Village or the morals of the community.

- 6) The entire cost of all memorials must be paid for in full by the applicant before installation begins.
- 7) Memorials will be positioned to maximize the benefit and development of the property, but staff will make reasonable attempts to accommodate the wishes of the applicants. The Village may limit the number of memorials in a particular area or park.
- 8) The Village will notify the applicant in the event that the memorial is damaged, whether repairable or beyond repair.
- 9) The Village reserves the right to remove any memorials that have been damaged and are beyond economic repair or have not been repaired within 4 weeks of notification referred to in (4) above.
- 10) The Village accepts no liability for damage to any memorials from vandals, their parties or while the Village carries out routine maintenance on Village property
- 11) The Village will not grant applications for memorials to pets.
- 12) The number of memorials shall not detract from the prime recreational purpose of the facility in which they are located. Therefore, the size and location of the Village property shall limit the number of plaques, bricks or benches permitted. The Village reserves the right to refuse applications on this basis.
- 13) A ceremony or gathering at the time of a memorial placement or tree planting is permitted, but must be arranged in advance with Village Staff.
- 14) The Village maintains the right to relocate memorials in order to accommodate maintenance and improvements within the parks and adjoining public property. No property right interest is granted by allowing any application, nor shall any such right develop or ripen, no matter how long the monument, bench or tree may be in place. The parks and adjoining areas shall permanently remain public spaces primarily dedicated to the enjoyment, beauty and recreation of the citizens of the Village of Antioch.
- 15) All costs associated with the installation, including materials and labor, will be the responsibility of the petitioner. The total cost of the installation of a memorial bench, plaque or tree will be dependent on the design and materials of the memorial or the species of the tree and the type of fittings required. The Village will provide estimates for the materials, and labor associated with installation. The applicant shall post 120% of the full amount of the estimate with the Village to ensure payment. The Village will thereafter procure the all materials and supply the labor, and ultimately account for the expenditures. Any shortfall shall be promptly paid by the applicant and any overage shall be promptly refunded to the applicant.
