Re: Sanitary Sewer Sludge Hauling and Disposal Bid

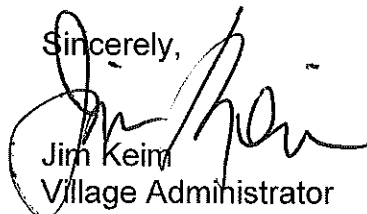

Dear Mr. Halmagyi,

Thank you for your recent submittal regarding the Village of Antioch bid for Sanitary Sewer Sludge Hauling and Disposal. At the March 2, 2015 Village Board Meeting, the Board of Trustees approved Resolution No. 15-18, authorizing the Village Administrator to execute an agreement with your company, Stewart Spreading for the project in the amount of \$25.00/cubic yard. We thank you for taking the time to submit a bid. Enclosed, please find 2 executed copies of your proposal for sludge hauling services and a copy of the Village Board Resolution awarding the bid. Please sign both copies of the contract and return one fully executed copy back to our office:

Village of Antioch  
874 Main Street  
Antioch, IL 60002  
Attn: Lori K. Folbrick

If you have any questions, you may contact me by telephone at 847-395-1000 or by email at [jkeim@antioch.il.gov](mailto:jkeim@antioch.il.gov).

Sincerely,

Jim Keim  
Village Administrator

**PROPOSAL FOR HAULING AND SPREADING SERVICES**  
Prepared for the Village of Antioch, IL Biosolids Program

The complete land application of biosolids program includes the following steps:

- Mobilize semi-trailers to the site to be loaded with the Village of Antioch Biosolids;
- Receive biosolids into trailers for transportation to area farms for land application;
- Transport the biosolids with IL DOT licensed trucks and trailers equipped with watertight seals to ensure safe delivery to area farm fields;
- Safely deliver the correct agronomic amount of biosolids to the field(s) for land application;
- Load and apply the biosolids at proper agronomic rates in accordance with IEPA 391 guidelines;
- Generate a monthly operating report summarizing all the information for volumes, hauling and land application;

Stewart Spreading will be responsible for:

- Mobilize and demobilize semi-trailers, personnel and field equipment to and from the Village of Antioch WWTP storage facility for safety conscious operations;
- Supply all labor, equipment, operational and agronomic technical expertise necessary for the transportation, land application and reporting of land applied biosolids;
- Haul and land apply biosolids according to IEMA 330, IEPA 391 and USEPA 503 regulations;
- Acquire land from local farmers as required, to utilize biosolids for land application;
- Loading Stewart Spreading's trucks that are rated at 25 cy (short trailer) to 28 cy (long trailer) capacity trailers with biosolids for transportation to area farms;

The Village of Antioch, IL will be responsible for:

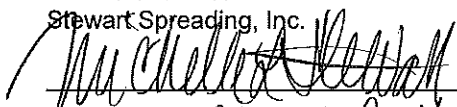

- Providing reasonable access to the Village of Antioch WWTP site for receiving and hauling biosolids; (Approximately 2,500 cubic yards per year)
- Maintaining integrity of loading area so that heavy equipment can operate effectively;
- Providing names of personnel and contact information for desired chain of communication;
- Providing pure and clean biosolids free of any debris (i.e. rocks, weeds) and foreign matter;
- Understanding inclement or wet weather may hinder, delay, or cease operations;
- Provide biosolids that meet IEMA 330, IEPA 391, and USEPA 503 standards for land application;
- Providing a signed analysis of Notice and Necessary Information form prior to hauling;
- Provide completed and signed copy of Notice and Necessary Information form prior to hauling;
- Acknowledging this one year contract can be extended annually with either a simple 2% increase or annual CPI adjustment (whichever is the greater of the two).
- Accepting a minimum invoiced amount of 800 cubic yards per service event;
- Payment of invoice within 30 days of receipt, with a 2% monthly fee if paid beyond 30 days;

The cost for a one year contract starting March 7th, 2015 through March 6th, 2016 is:

- **\$25.00 per cubic yard of biosolids**
