October 11, 2012

# To the Honorable Mayor, Village Board of Trustees, and Citizens of the Village of Antioch, Illinois.

Illinois State Law requires that all general-purpose local governments publish a complete set of financial statements within six months of the close of the fiscal year. These financial statements must conform to generally accepted accounting principles (GAAP), and audited in accordance with generally accepted accounting standards by certified public accountants licensed by the State of Illinois. It is with pleasure that the Comprehensive Financial Annual Report (CAFR) for the Village of Antioch, Illinois is presented for the year ended April 30, 2012.

The 2012 CAFR complies with the new financial reporting model developed by the Governmental Accounting Standards Board (GASB) and is intended to provide additional information not previously available in the Village's financial statements.

The comprehensive annual financial report consists of the Village of Antioch management staff's representations concerning the finances of the Village. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management has continued to focus on the internal controls that are designed to protect the Village's assets from loss, theft or misuse and to compile sufficiently reliable information for the preparation of the Village's financial statements in conformity with GAAP.

Management continues to revise processes, implement internal controls, and establish new financial policies that allow us to successfully address the prior years' accounting issues and meet the required deadline for the issuance of this fiscal year's report. Management asserts that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

### Fiscal Management

The annual budget serves as the foundation for the Village's internal planning and control. All Village departments are required to submit budget requests to the Village Administrator. The Village Administrator prepares a proposed budget for the Mayor and Board of Trustees to review, debate, modify and approve. The budget is prepared by fund, activity (i.e. general), department (i.e. parks), program (i.e. pool), and the required purposes under the State's appropriation statute, (i.e. supplies). Subdivisions of the purposes, (i.e. office supplies, vehicle maintenance supplies, computer supplies) are budgeted as line items for departmental management. The Village functions under the State of Illinois Appropriation Ordinance. The Appropriation Ordinance is developed by the Village Administrator, based on the Board approved budget, for Board review and adoption.

The Village of Antioch's financial statements have been audited by Lauterbach and Amen, LLP, a firm licensed by the State of Illinois as certified public accountants with specialization in local government accounting. The goal of the independent audit is to provide reasonable assurance that the financial statements of Antioch are free from material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures shown in these financial statements; assessing the accounting principles and significant estimates used; and evaluating the overall financial statement presentation. In addition, the auditors prepared a list of management comments which outline areas where the Village management can further improve internal controls and accounting procedures. The administration along with the finance department appreciates and welcomes the auditors' recommendations for internal control improvement and looks forward to executing their recommendations.

### Fiscal Report

The independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the Village of Antioch's financial statements for the fiscal year ended April 30, 2012, are fairly presented in conformity to GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The financial reports are presented in accordance with the new reporting model requirements (commonly referred to as "GASB 34"). GAAP require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). This letter of transmittal will not repeat the financial overview and analysis which is provided in the MD&A, but encourages the reader to review this important section of the financial statements for a comprehensive overview and analysis of how the Village has faired over the last fiscal year.

### Village Profile

The Village of Antioch is located at the northern border of Illinois, in Lake County. It is the gateway to the Chain O' Lakes recreational area, yet provides suburban housing for the Chicagoland area. The Village's residential population is 14,420. A priority for the Village is to maintain its early 19<sup>th</sup> century downtown charm, which includes a live playhouse, museums, and niche shopping, while expanding its retail and industrial base.

The Village provides a full range of services. Antioch's public safety activities include police and fire protection. Culture and recreational activities include a Senior Center, a band-shell, pool, recreational and sport parks, bike trails, a wetland preserve, and many community special events. Public Works provides street and right-of-way maintenance and construction, as well as building maintenance, and park maintenance. Water service, sanitary sewer service and a sanitation treatment plant are functions which are included in the Water and Sewer enterprise fund.

The Village is accountable for the Antioch Police Pension Fund, managed by a legally separate Board, and two Special Service Areas which are administered by independent Trustees (Amalgamated Bank of Chicago). In addition, the Village, in a cooperative effort with the Township, is in the process of developing a sport and open space park.

### **Economic Condition and Outlook**

Over the last five years, declining and negative General Fund balances have been the most significant area of concern for the Village. The 2012 fiscal year-end has shown a reverse in this trend, from a negative fund balance of \$226 thousand at fiscal year-end 2010 to a positive fund balance of \$1.07 million.

Despite the impact of the current economic downturn on income and sales taxes, building permits, and other user fees, General Fund revenues were 2% higher than anticipated. Additionally, expenditures were 1% less than budgeted. Careful monitoring of areas of concern will continue throughout the current fiscal year. Continued reduction in planned expenditures will have a positive impact on the Village's financial position.

### Major Initiatives

Major capital projects planned for FY2013 are funded through Economic Recovery Zone Bonds, State grants, General, Enterprise, and MFT funds.

### New Pool Project \$2,300,000

Through the American Recovery and Reinvestment Tax Act of 2009, Lake County was given the authority to issue Recovery Zone Economic Development Bonds and Recovery Zone Facility Bonds. A lottery, held by Lake County, allocated up to \$3 million of bond capacity to the Village of Antioch. The proceeds of the Bonds must be applied to public projects that would enhance economic development. The Mayor and Board of Trustees have agreed that there is sufficient need to replace the current 50 year old pool.

### NeuHaven – Sprenger Park \$430,000

Sprenger Park in the NeuHaven subdivision is incomplete due to the Neumann Homes Bankruptcy. The Village, while not required to do so, accumulated surety bond proceeds, OSLASD grants and remaining SSA money to complete improvements. Remaining work includes re-grading, constructing athletic fields, tennis courts, a basketball court, additional path, fishing pier and other amenities.

### 2012 Road Program \$384,000

A yearly sustainable road program is necessary to maintain pavements in acceptable condition. Each year the Village contracts a street resurfacing project in order to improve safety, drivability and prevent pavement failures. Lack of capital funding with an increasing roadway network within the Village has produced a surplus of streets in poor condition. Streets scheduled for resurfacing are selected based on available funding, condition and amount of traffic. This year's program will contain Ida Street, McMillen Street, Harden Street, Hillside Avenue, Bartlet Avenue, and Sequoit Avenue.

### Tim Osmond Sports Complex Phase 2 \$100,000

In 2004, the Village entered into an intergovernmental agreement with the Antioch Township to develop 40 acres of Village-owned property for the combined Village/Township Park. Once completed the park site would consist of 80 acres. The Village and Township each would be responsible for fifty percent of the costs. Completion of Phase 2 is planned for FY2013 and will be funded by an OSLAD Grant and an IDCEO grant.

### Brownfields Program \$100,000

This project was part of an initiative to plan for future growth and revitalization of areas along the Highway 83 corridor and downtown commercial district. A key part of this project involves the redevelopment of five sub-areas plagued with underused land, blighted properties, and former automobile and manufacturing areas. This grant will be used to conduct Phase I and II Environmental Site Assessments to determine whether perceived environmental impairments exist and to what degree the public is at risk.

### Water Tower Painting \$310,000

Water Tower 3 is a 300,000 gallon elevated spheroid tank. This tower was constructed in 1964. It is believed that the tower has been painted once since constructed most likely more than 20 years ago. The paint coating is now worn to a point that the tower must be stripped to bare metal inside and out and repainted. This is critical infrastructure to the operation of the water system and fire flow to the northern areas of the Village.

### Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Antioch for the fiscal year ended 2011. This was the sixth year the Village received such a prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. The report must also satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe that our report meets the requirements of the Certificate of Achievement Program and, once again, are submitting it to the GFOA to determine its eligibility for a certificate. It is our hope that the Village of Antioch's Finance Department staff will continually meet the level of excellence required to be granted this award for many years in the future.

### Acknowledgements

The preparation of this report, and the confidence with which it is presented, would not have been possible without the dedicated services of the Finance staff and our independent auditors Lauterbach and Amen, LLP who were essential in addressing the prior accounting issues.

In closing, we would also like to thank the Mayor and the Board of Trustees, and all department heads for their support in maintaining the highest standards of professionalism in the management of the Village's finances.

Respectfully submitted,

Jim Keim

Village Administrator

Joy McCarthy, C.I.M.T Finance Director/Treasurer

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

# Village of Antioch Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
April 30, 2011

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

### INDEPENDENT AUDITORS' REPORT

October 3, 2012

The Honorable Village President Members of the Board of Trustees Village of Antioch, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Antioch, Illinois as of and for the year ended April 30, 2012, which collectively comprise the Village's basic financial statements as listed in the accompanying table of contents. These financial statements are the responsibility of the Village of Antioch, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Antioch, Illinois as of April 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Village of Antioch, Illinois October 3, 2012 Page 2

Our audit was conducted for the purposes of forming opinions on the financial statements that collectively comprise the Village of Antioch, Illinois' financial statements as a whole. The combining and individual nonmajor fund financial statements and schedules and other information listed as schedules and other supplementary information in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements and schedules and other information listed as schedules and other supplementary information in the accompanying table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the information is fairly stated in all material respects in relation to the financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

LAUTERBACH & AMEN, LLP

Lanterlach + Chmenle?

# MANAGEMENT'S DISCUSSION AND ANALYSIS

# Management's Discussion and Analysis April 30, 2012

The Management Discussion and Analysis (MD&A) of the Village of Antioch's financial performance provides an overview of the Village's financial activities for the fiscal year ended April 30, 2012. We recommend that the MD&A be read in conjunction with the Transmittal Letter (beginning on page iii), the financial statements, and notes to the financial statements that follow.

### The MD&A is designed to:

- ✓ assist the reader in focusing on significant financial issues,
- ✓ provide an overview of the Village's financial activity,
- ✓ identify changes in the Village's financial position (its ability to address the subsequent years' challenges),
- ✓ identify any material deviations from the financial plan (the approved budget), and
- ✓ identify individual fund issues or concerns.

### FINANCIAL HIGHLIGHTS

- The Village of Antioch's total governmental and business-type net assets increased by \$627,376 from \$105,301,272 to \$105,928,648.
- During the year, governmental and business-type revenues totaled \$16,286,778 which was greater than total expenses of \$15,659,402 by \$627,376.
- Revenues for governmental activities totaled \$12,751,146. Expenses totaled \$12,700,836 resulting in an increase in net assets from \$68,271,931 to \$68,322,241, an increase of .07 percent.
- Revenues for business-type activities totaled \$3,535,632 while expenses totaled \$2,958,566, increasing business-type net assets by \$577,066, from \$37,029,341 to \$37,606,407, an increase of 1.56 percent.
- The General Fund reported an increase of \$977,808 in the current year, increasing the General Fund balance to a surplus of \$1,078,853.

### USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Assets and the Statement of Activities (on pages 3 - 6) provide information about the activities of the Village of Antioch as a whole and present a longer-term view of the Village's finances. Fund financial statements begin on page 7. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Village of Antioch's operation in more detail than the government-wide statements by providing information about the Village's most significant funds. The remaining statements provide financial information about activities for which the Village acts solely as a trustee or agent for the benefit of those outside of the government.

Management's Discussion and Analysis April 30, 2012

### **USING THIS ANNUAL REPORT** – Continued

### **Government-Wide Financial Statements**

The government-wide financial statements provide readers with a broad overview of the Village of Antioch's finances, in a matter similar to a private-sector business. The government wide financial statements can be found on pages 3 - 6 of this report.

The Statement of Net Assets reports information on all of the Village's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other non-financial factors, such as changes in the Village's property tax base and the condition of the Village's roads, is needed to assess the overall health of the Village of Antioch.

The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, community development, public safety, public works, and culture and recreation. The business-type activities of the Village include waterworks and sewerage operations.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Antioch, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Management's Discussion and Analysis April 30, 2012

### **USING THIS ANNUAL REPORT** – Continued

### Fund Financial Statements - Continued

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village of Antioch maintains eleven individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General, Dolly Spiering Memorial, Debt Service, Special Service Area #1, Special Service Area #2, and Capital Projects Funds, all of which are considered major funds. Data from the other remaining governmental funds are presented in aggregate on the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances.

The Village adopts an annual appropriated budget for all of the governmental funds. A budgetary comparison statement for these funds has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 7 - 12 of this report.

### **Proprietary Funds**

The Village maintains one type of proprietary fund, an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government—wide financial statements. The Village utilizes enterprise funds to account for its waterworks and sewerage operations.

Management's Discussion and Analysis April 30, 2012

### **USING THIS ANNUAL REPORT** – Continued

### Fund Financial Statements - Continued

### **Proprietary Funds** – Continued

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Waterworks and Sewerage Fund, which is a major fund of the Village.

The basic proprietary fund financial statements can be found on pages 13 - 16 of this report.

### **Fiduciary Funds**

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village of Antioch's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 17 - 18 of this report.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 19 - 55 of this report.

### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's I.M.R.F., other postemployment benefit, and police employee pension obligations, as well as budgetary comparison information for the General Fund and major special revenue funds. Required supplementary information can be found on pages 56 - 60 of this report. Combining and individual fund statements and schedules can be found on pages 61 - 81 of this report.

Management's Discussion and Analysis April 30, 2012

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Net assets may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the Village of Antioch, assets exceeded liabilities by \$105,928,648.

		Net Assets						
		Governi	mental	Busines	ss-Type			
		Activ	ities	Activ	ities	Tot	Total	
		2012	2011	2012	2011	2012	2011	
Current and Other Assets	\$	9,455,131	9,083,628	2,282,353	2,748,638	11,737,484	11,832,266	
Capital Assets Total Assets	-	70,581,402 80,036,533	70,273,331	51,958,876	52,265,113 55,013,751	122,540,278	122,538,444	
100012100010	_	00,000,000		3/14/0/2014/0/201		31.34TX.13433T		
Long-Term Debt Outstanding		5,876,052	6,237,990	15,108,199	16,731,879	20,984,251	22,969,869	
Other Liabilities		5,838,240	4,847,038	1,526,623	1,252,531	7,364,863	6,099,569	
Total Liabilities		11,714,292	11,085,028	16,634,822	17,984,410	28,349,114	29,069,438	
Net Assets								
Invested in Capital Assets,								
Net of Debt		68,490,162	67,878,200	35,863,980	35,082,830	104,354,142	102,961,030	
Restricted		1,740,294	1,559,263	523,600	523,600	2,263,894	2,082,863	
Unrestricted (Deficit)	_	(1,908,215)	(1,165,532)	1,218,827	1,422,911	(689,388)	257,379	
Total Net Assets		68,322,241	68,271,931	37,606,407	37,029,341	105,928,648	105,301,272	

By far the largest portion of the Village's net assets, \$104,354,142 reflects its investment in capital assets (for example, land, buildings, machinery, and equipment), less any related debt used to acquire those assets that are still outstanding. The Village uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional \$2,263,894 of the Village's net assets represents resources that are subject to external restrictions on how they may be used. The remaining net assets, or (\$689,388), represents unrestricted net assets and may be used to meet the government's ongoing obligations to citizens and creditors.

# Management's Discussion and Analysis April 30, 2012

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS** – Continued

Total revenues for both governmental and business-type activities totaled \$16,286,778 while the total cost of all programs and services was \$15,659,402 resulting in an increase to total net assets of \$627,376.

Management's Discussion and Analysis April 30, 2012

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued**

### **Governmental Activities**

### Revenues

Revenues for governmental activities totaled \$12,751,146 while expenses totaled \$12,700,836. The difference in revenues compared to expenses resulted in an increase to governmental net assets of \$50,310. Fiscal 2012 continues to show a reversal of declining net assets that had been occurring over the past several years.

During the current year, total revenues decreased \$2,667,703 primarily due to the decrease in capital contributions of \$2,860,066 from the previous fiscal year.

As a non home-rule municipality, the Village cannot impose local sales taxes; therefore, the Village's sole sales tax revenue is received from the state. In the current year sales tax increased 3.3 percent, or \$102,859. Other taxes increased by \$266,591, or 11 percent primarily due to utility tax revenue.

Property taxes for the year accounted for \$3,558,954 or 27.91 percent of governmental activities total revenue and have increased by 2.41 percent.

Charges for services account for 12.56 percent of total revenue, and have declined 12.39 percent, or \$226,374 over the prior year. The decline is primarily attributable to the transfer of fire protection payroll processing to the First Fire protection District resulting in a reduction of payroll reimbursement during the year of \$229,121. As there has been a slow down in residential development, Licenses and Permits revenue decreased by 8.61 percent, or \$12,343.

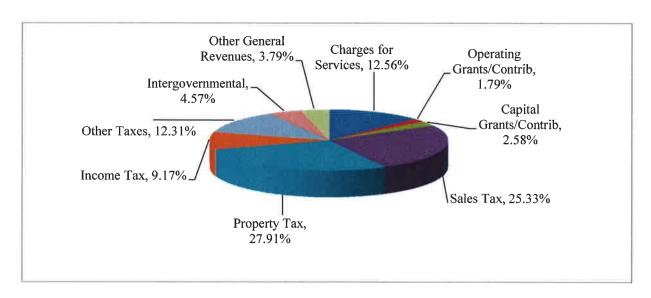

The following table graphically depicts the major revenue sources of the Village of Antioch and shows the reliance of sales taxes, property taxes, and charges for services to fund governmental activities.

Management's Discussion and Analysis April 30, 2012

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued**

### Governmental Activities - Continued

### **Revenues by Source – Governmental Activities**

### **Expenses**

Like many other local municipalities, the national economic environment, along with the Village's rapid population growth, increases the cost of providing adequate services to residents. Additionally, the Village has been faced with rapidly increasing operating costs. However, during the year the Village management has continued to carefully monitor all expenditures for potential cost savings.

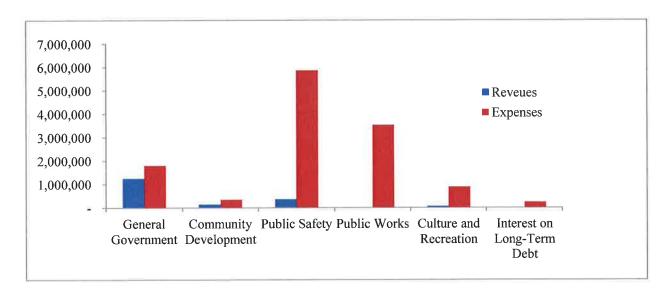

Overall, expenses decreased by 4.91 percent, or \$655,339 over the prior year primarily due to a reduction of Personal Services of \$551,525 in the general government function through the transfer of fire protection payroll to the First Fire Protection District. Additional reductions were realized due to lay-offs and non-capitalized capital purchases being deferred to the next fiscal year.

The 'Expenses and Program Revenues' Table identifies those governmental functions where program expenses greatly exceed revenues.

Management's Discussion and Analysis April 30, 2012

### **GOVERNMENT-WIDE FINANCIAL ANALYSIS** – Continued

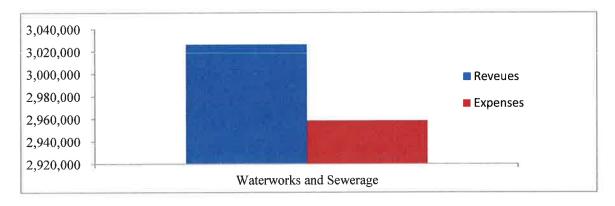

### Governmental Activities - Continued

### **Business-Type Activities**

An average of 94 percent of Water and Sewer Revenue is collected mainly from water and sewer usage. Water meter sales, permits, connection and inspection fees account for the remaining 6 percent. Water and sewer charges for services increased from \$2,258,775 in the prior year to \$3,026,311 in the current year, an increase of 33.98 percent.

Revenues for business-type activities totaled \$3,535,632, while expenses totaled \$2,958,566, resulting in an increase to business-type net assets of \$577,066.

The above graph compares program revenues to expenses for waterworks and sewerage operations. The graph shows that revenues for the waterworks and sewerage operations are able to cover expenses.

Management's Discussion and Analysis April 30, 2012

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Village of Antioch uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### **Governmental Funds**

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the governmental funds reported combined ending fund balances of \$4,464,163, which is lower than last year's total of \$5,013,547. All governmental funds reported a deficit for the current year with the exception of the General Fund, Motor Fuel Tax Fund, Tax Increment Financing Fund and Park Acquisition Fund.

The General Fund reported a surplus for the year of \$977,808. In the previous year, the General Fund experienced an increase of \$327,979. Total revenues for the year increased \$244,561 over the prior year mainly attributable to utility tax collections. Expenditures in the General Fund decreased \$680,913 over the prior year, of which \$551,525 were related to the First Fire Protection District payroll.

The Dolly Spiering Memorial Fund reported a deficit of \$63,332 for the year as a result of expenditures of \$100,133 for senior center costs that exceeded interest earnings \$21,049 and charges for services of \$15,752 for the year.

The Capital Projects Funds reported a deficit for the year of \$1,011,765 as the result of planned capital expenditures.

Management's Discussion and Analysis April 30, 2012

### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS - Continued

### **Proprietary Funds**

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Village reports the Waterworks and Sewerage Fund as a major proprietary fund. This fund accounts for all of the operations of the municipal water and sewer system.

The Waterworks and Sewerage Fund had a positive change in net assets of \$577,066, resulting in ending net assets of \$37,606,407. The ending balance in the current year includes \$856,850 in noncash depreciation expense. Charges for services of \$3,001,513 were \$1,023,513 or 51.7 percent, over projected revenue. Connection Fees, Other Income and Interest Income were over revenue projections by \$104,944. Operating expenses were \$115,335 or 6.5 percent under budget.

### GENERAL FUND BUDGETARY HIGHLIGHTS

The Village made no amendments to the General Fund budget during the year. The General Fund actual revenues of \$11,549,450 were \$209,514 more than budgeted revenues of \$11,339,936. Specifically, the Village's taxes generated \$9,135,387 in revenue which was \$291,898 higher than budget.

The General Fund actual expenditures were slightly lower than budgeted expenditures for the current year. Actual expenditures totaled \$10,213,083, while budgeted expenditures totaled \$10,382,877. Specifically, combined expenditures for the Public Safety, Public Works and Culture and Recreation functions were lower than budget by \$273,888. This positive budget variance was offset by combined expenditures in the General Government and Community Development being \$104,094 over budget. The primary contributing factor to the functions being under budget are the efforts by management to reduce planned expenditures.

### CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

The Village's investment in capital assets for its governmental and business type activities as of April 30, 2012 was \$122,540,278 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, land improvements, vehicles, machinery and equipment, park facilities, roads, sidewalks, and bridges.

Management's Discussion and Analysis April 30, 2012

Additional information on the Village of Antioch's long-term debt can be found in Note 3 on pages 36 - 42 of this report.

### ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Village's elected and appointed officials considered many factors when setting the fiscalyear 2013 budget, including tax rates, and fees that will be charged for its various activities. One of those factors is the economy. The Village is faced with a similar economic environment as many of the other local municipalities are faced with, including inflation, slumping interest rates, and soaring unemployment rates.

### REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the Village of Antioch's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to Office of the Village Administrator, Village of Antioch, 874 Main Street, Antioch, Illinois 60002.

### **BASIC FINANCIAL STATEMENTS**

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements
  - ➢ Governmental Funds
  - > Proprietary Funds
  - > Fiduciary Funds

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Antioch, Illinois, is a municipal corporation governed by an elected president and sixmember Board of Trustees. The Village's major operations include police safety, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, waterworks and sewerage services and general administrative services.

The government-wide financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB Pronouncements. Although the Village has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the Village has chosen not to do so. The more significant of the Village's accounting policies established in GAAP and used by the Village are described below.

#### REPORTING ENTITY

The Village's financial reporting entity comprises the following:

Primary Government:

Village of Antioch

In determining the financial reporting entity, the Village complies with the provisions of GASB Statement No. 39, "Determining Whether Certain Organizations are Component Units – an Amendment of GASB Statement No. 14," and includes all component units that have a significant operational or financial relationship with the Village. Based upon the criteria set forth in the GASB Statement No. 39, there are no component units included in the reporting entity.

Police Pension Employees Retirement System

The Village's sworn police employees participate in the Police Pension Employees Retirement System (PPERS). PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the Village's President, one elected pension beneficiary and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the Village is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the Village is authorized to approve the actuarial assumptions used in the determination of contribution levels.

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### **REPORTING ENTITY** – Continued

Police Pension Employees Retirement System – Continued

Although it is legally separate from the Village, the PPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the Village's police employees. The PPERS is reported as a fiduciary fund, and specifically a pension trust fund, due to the fiduciary responsibility exercised over the PPERS.

#### BASIS OF PRESENTATION

#### **Government-Wide Statements**

The Village's basic financial statements include both government-wide (reporting the Village as a whole) and fund financial statements (reporting the Village's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Village's police, highway and street maintenance and reconstruction, forestry, building code enforcement, public improvements, economic development, planning and zoning, and general administrative services are classified as governmental activities. The Village's waterworks and sewerage services are classified as business-type activities.

In the government-wide Statement of Net Assets, both the governmental and business-type activities columns are: (a) presented on a consolidated basis by column, and (b) reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Village's net assets are reported in three parts: invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Village first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Village's functions and business-type activities (general government, public safety, public works, etc.) The functions are supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, which include 1) changes to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### **BASIS OF PRESENTATION** – Continued

#### Government-Wide Statements - Continued

The net costs (by function or business-type activity) are normally covered by general revenue (property tax, sales tax, intergovernmental revenues, interest income, etc). The Village allocates indirect costs to the proprietary funds for personnel who perform administrative services for those funds, along with other indirect costs deemed necessary for their operations, but are paid through the General Fund. This government-wide focus concentrates on the sustainability of the Village as an entity and the change in the Village's net assets resulting from the current year's activities.

#### **Fund Financial Statements**

The financial transactions of the Village are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. Funds are organized into three major categories: governmental, proprietary, and fiduciary. The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB Statement No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The Village electively added funds, as major funds, which either had debt outstanding or specific community focus. The nonmajor funds are combined in a column in the fund financial statements. A fund is considered major if it is the primary operating fund of the Village or meets the following criteria:

Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and

Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Notes to the Financial Statements April 30, 2012

# NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### **BASIS OF PRESENTATION – Continued**

#### Fund Financial Statements – Continued

The various funds are reported by generic classification within the financial statements. The following fund types are used by the Village:

#### **Governmental Funds**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Village:

General fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund is a major fund.

**Special revenue funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes. The Village maintains one major special revenue fund, the Dolly Spiering Memorial Fund, which is used to account for the use of restricted funds provided by an estate bequeath by Ms. Dolly Spiering to the Village senior center.

**Debt service funds** are used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt. The Debt Service Fund is treated as a major fund and is used to account for the payment of interest and principal on the Village's general long-term debt obligations.

Capital projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds). The Village maintains three major capital projects funds, Special Service Area #1 Fund, Special Service Area #2 Fund, and the Capital Projects Fund. The Special Service Area #1 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #1. The Special Service Area #2 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #2. The Capital Projects Fund is used to account for capital improvement expenditures.

#### **Proprietary Funds**

The focus of proprietary fund measurement is upon determination of operating income, changes in net assets, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary fund of the Village:

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

**BASIS OF PRESENTATION** – Continued

Fund Financial Statements – Continued

**Proprietary Funds** – Continued

Enterprise funds are required to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs. The Village maintains one major enterprise fund, the Waterworks and Sewerage Fund, which is used to account for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

#### **Fiduciary Funds**

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Village programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

**Pension trust funds** are used to account for assets held in a trustee capacity for pension benefit payments. The Police Pension Fund is used to account for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan. Financing is provided by employee contributions, the Village's contribution and investment income.

Agency funds are used to account for assets held by the Village in a purely custodial capacity. The Escrow Deposit Fund is used to account for the collection and use of the escrowed monies. The Special Service Area #1 Fund is used to account for the collection of property taxes within Special Service Area #1 and payments of related special service area debt. The Special Service Area #2 Fund is used to account for the collection of property taxes within Special Service Area #2 and payments of related special service area debt.

The Village's fiduciary funds are presented in the fiduciary fund financial statements by type (pension trust and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the Village, these funds are not incorporated into the government-wide statements.

Notes to the Financial Statements April 30, 2012

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

#### **Measurement Focus**

On the government-wide Statement of Net Assets and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined below. In the fund financial statements, the "current financial resources" measurement focus or the "economic resources" measurement focus is used as appropriate.

All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All proprietary and pension trust funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary and pension trust fund equity is classified as net assets. Agency funds are not involved in the measurement of results of operations; therefore, measurement focus is not applicable to them.

### **Basis of Accounting**

In the government-wide Statement of Net Assets and Statement of Activities, both governmental and business-like activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available." Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The Village recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

## Basis of Accounting – Continued

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, sales and use taxes, franchise taxes, licenses, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All proprietary, pension trust and agency funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Village's enterprise funds are charges to customers for sales and services. The Village also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

#### ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

#### **Cash and Investments**

Cash and cash equivalents on the Statement of Net Assets are considered to be cash on hand, demand deposits, cash with fiscal agent. For the purpose of the proprietary funds "Statement of Cash Flows", cash and cash equivalents are considered to be cash on hand, demand deposits, cash with fiscal agent, and all highly liquid investments with an original maturity of three months or less.

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

#### **Prepaids**

Prepaids are valued at cost, which approximates market. The cost of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements.

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

# ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY - Continued

## Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

#### Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes, sales and use taxes, franchise taxes, and grants. Business-type activities report waterworks and sewerage charges as their major receivables.

#### **Restricted Assets**

Certain proceeds of Enterprise Fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

#### Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 to \$250,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the Village as a whole. Infrastructure such as streets, traffic signals and signs are capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets. Donated capital assets are capitalized at estimated fair market value on the date donated.

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

#### ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY - Continued

#### Capital Assets – Continued

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Land Improvements	15 – 20 Years
Buildings and Improvements	10-45 Years
Equipment	3-30 Years
Infrastructure	20-50 Years
Plant and Equipment	50 Years

GASB Statement No. 34 requires the Village to report and depreciate new infrastructure assets effective with the beginning of the current year. Infrastructure assets include roads, sidewalks, underground pipe (other than related to utilities), traffic signals, etc. These infrastructure assets are the largest asset class of the Village. Neither their historical cost nor related depreciation has historically been reported in the financial statements. The Village has reported all retroactive infrastructure.

#### **Compensated Absences**

The Village accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as "terminal leave" prior to retirement.

All vacation pay is accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

#### **Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to the Financial Statements April 30, 2012

#### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

## ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY - Continued

#### **Unearned/Deferred Revenue**

Governmental funds report unearned revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

### **Fund Equity**

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

Invested in capital assets, net of related debt—Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets—Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted net assets—All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

#### NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **BUDGETARY INFORMATION**

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriations are adopted for all funds except the Tax Increment Financing Fund. All annual appropriations lapse at fiscal year end.

All departments of the Village submit requests for budgets to the Village's administrator so that a budget may be prepared. The budget is prepared by function and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year. The proposed budget is presented to the governing body for review.

Notes to the Financial Statements April 30, 2012

## NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

# **BUDGETARY INFORMATION** – Continued

The governing body holds public hearings and may add to, subtract from, or change budgeted amounts, but may not change the form of the budget. The administrator is authorized to transfer budgeted amounts between departments within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the governing body. Expenditures may not legally exceed budgeted appropriations at the fund level. Traditionally, no budgetary amendments are made during the year.

# EXCESS OF ACTUAL EXPENDITURES/EXPENSES OVER BUDGET IN INDIVIDUAL FUNDS

The following funds had an excess of actual expenditures/expenses, exclusive of depreciation, over budget for the fiscal year:

Fund	Excess		
Dolly Spiering Memorial	\$	6,002	
Drug Seizure		6,017	
Infrastructure Projects		121,321	
Police Pension		167,990	

## **DEFICIT FUND EQUITY**

The Capital Projects fund has a deficit fund equity for the fiscal year of \$697,160.

Notes to the Financial Statements April 30, 2012

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **DEPOSITS AND INVESTMENTS**

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust funds. Each fund type's portion of this pool is displayed on the financial statements as "cash and investments". In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Permitted Deposits and Investments - Statutes authorize the Village to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services, Illinois Funds, and the Illinois Metropolitan Investment Fund.

Statutes authorize the Pension Funds to make deposits/invest in interest bearing direct obligations of the United States of America; obligations that are fully guaranteed or insured as to the payment of principal and interest by the United States of America; bonds, notes, debentures, or similar obligations of agencies of the United States of America; savings accounts or certificates of deposit issued by banks or savings and loan associations chartered by the United States of America or by the State of Illinois, to the extent that the deposits are insured by the agencies or instrumentalities of the federal government; State of Illinois Bonds; pooled accounts managed by the Illinois Public Treasurer, or by banks, their subsidiaries or holding companies, in accordance with the laws of the State of Illinois; bonds or tax anticipation warrants of any county, township, or municipal corporation of the State of Illinois direct obligations of the State of Israel; money market mutual funds managed by investment companies that are registered under the federal Investment Company Act of 1940 and the Illinois Securities Law of 1953 and are diversified, open-ended management investment companies, provided the portfolio is limited to specified restrictions; general accounts of life insurance companies and separate accounts of life insurance companies provided the investment in separate accounts does not exceed ten percent of the pension fund's net assets. Pension funds of at least 5 million that have appointed an investment advisor may, through that investment advisor, invest up to thirty-five percent of the plan's net assets in common and preferred stocks that meet specific restrictions.

Notes to the Financial Statements April 30, 2012

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### **DEPOSITS AND INVESTMENTS** – Continued

The Illinois Funds is an investment pool managed by the Illinois Public Treasurer's Office which allows governments within the State to pool their funds for investment purposes. Although not registered with the SEC, Illinois Funds operates in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at the share price, the price for which the investment could be sold.

#### Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

Deposits. At year-end, the carrying amount of the Village's deposits for governmental, business-type and agency activities totaled \$7,856,666 and the bank balances totaled \$7,900,464. The Village also has \$825,297 invested in the Illinois Funds, which has an average maturity of less than one year.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Village's investment policy states that there is to be maintenance of sufficient liquidity to meet operating requirements in the cash and investment portfolio of the Village. Unless matched to a specific cash flow, the Village will not directly invest in securities maturing more than two years from the date of purchase. Reserve funds, not otherwise restricted by Bond Ordinance, may be invested in securities exceeding two years if the maturity of such investments is made to coincide as nearly as practicable with the expected use of the funds.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in securities authorized under State Statute, the Village's investment policy further states that investments are to be undertaken in a manner that ensures preservation of capital and protection of investment principal. The Village's investment in the Illinois Funds was rated AAAm by Standard & Poor's.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires that funds on deposit in excess of FDIC limits must be secured by some form of collateral, witnessed by a written agreement and held at an independent, third-party institution in the name of the Village.

Notes to the Financial Statements April 30, 2012

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### **DEPOSITS AND INVESTMENTS – Continued**

# Village Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued

The collateralization level will be 110% of market value of principal and accrued interest, with collateral limited to U.S. Treasuries. As an alternative, insurance/surety bonds may be used as collateral to ensure certificates of deposit payments of principal and interest at the date of maturity. Insurance/surety bonds may also be used to ensure replacement on checking and money market accounts in case of a financial institution's default. At year-end, the entire amount of the bank balance of deposits was covered by federal depository or equivalent insurance. For an investment, this is the risk that in the event of the failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Village's investment policy states that all security transactions, including collateral for repurchase agreements, entered in to by the Village shall be conducted on a delivery-versus-payment (DVP) basis. Securities will be held by an independent, third-party custodian designated by the Village and evidenced by safekeeping receipts and a written custodial agreement. The Village's investment in the Illinois Funds is noncategorizable.

Concentration Risk. This is the risk of loss attributed to the magnitude of the Village's investment in a single issuer. The Village's investment policy states that investments shall be diversified to the best of the Village's ability based on the type of funds invested and the cash flow needs of those funds. Diversification can be by type of investment, number of institutions invested in, and length of maturity. At year-end, the Village has no investments that represent more than 5 percent of the total cash and investment portfolio.

# Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk

*Deposits*. At year-end, the carrying amount of the Fund's deposits totaled \$4,392,432 and the bank balances totaled \$4,392,432.

*Investments*. The Fund has the following investment fair values and maturities:

	Investment Maturities (in Years)			
Fair	Less Than			More Than
Value	1	1 to 5	6 to 10	10
\$ 1,151,100	=	300,333	750,579	100,188
901,632	Ĕ	300,240	<del>(1</del> )	601,392
100				
2,052,732	<u>u</u>	600,573	750,579	701,580
	Value \$ 1,151,100 901,632	Fair Less Than Value 1  \$ 1,151,100 - 901,632 -	Fair Less Than Value 1 1 to 5  \$ 1,151,100 - 300,333 901,632 - 300,240	Fair Value 1 1 to 5 6 to 10  \$ 1,151,100 - 300,333 750,579 901,632 - 300,240 -

Notes to the Financial Statements April 30, 2012

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### **DEPOSITS AND INVESTMENTS** – Continued

Police Pension Fund Interest Rate Risk, Credit Risk, Custodial Credit Risk and Concentration Risk - Continued

Interest Rate Risk. Other than considering cash flow requirements when selecting investment instruments, the Fund's formal investment policy does not further mitigate interest rate risk.

Credit Risk. The Fund's investment policy states that each investment transaction shall seek to first ensure that capital losses are minimized, whether they be from securities default or erosion of market value. The Fund's investment policy helps limit its exposure to credit risk by primarily investing in securities issued by the United States Government and/or its agencies that are implicitly guaranteed by the United States Government. At year-end, the Fund's investments in U.S. Agency securities were all rated AAA rated by Standard & Poor's.

Custodial Credit Risk. The Fund's investment policy states that all investments of the Fund shall be clearly held and accounted for to indicate ownership by the Fund. The fund will direct the registration of securities in its own name or in the name of a nominee created for the express purpose of registration of securities by a national or state bank or trust company authorized to conduct a trust business in the State of Illinois. At year-end, the entire carrying amount of the bank balance of deposits is covered by federal depository or equivalent insurance. Furthermore, the Fund's investment in U.S. Government and Agency securities are categorized as insured, registered, or held by the Fund or its agent in the Fund's name.

Concentration Risk. The Fund's investment policy states that it is the Fund's policy to include investments in certificates of deposit. At any time the investment portfolio of the Fund shall have a portion of its investments in a balanced portfolio as set by the Fund in accordance with the terms of maturity. The terms of maturity will be based on the ages of the active members and the relative number and ages of current annuitants as well as a current review of the condition of the investment market. At year-end, the Fund does not have any investments over 5 percent of net plan assets available for retirement benefits (other than U.S. Government guaranteed obligations).

#### PROPERTY TAXES

Property taxes for 2011 attach as an enforceable lien on January 1, 2012, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by Lake County and are payable in two installments, on or about May 1, 2012 and September 1, 2012. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

Notes to the Financial Statements April 30, 2012

# NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

# **CAPITAL ASSETS**

## **Governmental Activities**

Governmental capital asset activity for the year was as follows:

	Beginning	Ending		
	Balances	Balances Increases		Balances
Nondepreciable Capital Assets				
Land	\$ 34,296,738	4,042	-	34,300,780
Depreciable Capital Assets				
Buildings and Improvements	6,794,840	430,609	12	7,225,449
Equipment	2,868,374	539,976	34,500	3,373,850
Infrastructure	56,245,521	1,183,252	-	57,428,773
	65,908,735	2,153,837	34,500	68,028,072
Less Accumulated Depreciation				
Buildings and Improvements	2,313,794	174,907	-	2,488,701
Equipment	2,181,234	247,248	34,500	2,393,982
Infrastructure	25,437,114	1,427,653	÷	26,864,767
	29,932,142	1,849,808	34,500	31,747,450
	·			,
Total Depreciable Capital Assets	35,976,593	304,029	-	36,280,622
Total Capital Assets	70,273,331	308,071	-	70,581,402
1				

Depreciation expense was charged to governmental activities as follows:

General Government	\$ 55,751
Public Safety	196,127
Public Works	1,515,725
Culture and Recreation	82,205
	1,849,808

Notes to the Financial Statements April 30, 2012

#### **CAPITAL ASSETS** – Continued

## **Business-Type Activities**

Business-type capital asset activity for the year was as follows:

	Beginning			Ending
	Balances	Increases	Decreases	Balances
Nondepreciable Capital Assets Land	\$ 16,808,851	-	-	16,808,851
Depreciable Capital Assets Plant and Equipment	48,181,663	546,575	-	48,728,238
Less Accumulated Depreciation Plant and Equipment	12,725,401	852,812	<u></u>	13,578,213
Total Depreciable Capital Assets	35,456,262	(306,237)		35,150,025
Total Capital Assets	52,265,113	(306,237)	-	51,958,876

Depreciation expense of \$852,812 was charged to the Waterworks and Sewerage Fund.

# INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

#### **Interfund Balances**

The composition of interfund balances as of the date of this report is as follows:

Receivable Fund Payable Fund			Amount			
General	Dolly Spiering Memorial	\$	1,931			
General	Capital Projects		725,152			
Nonmajor Governmental	General		22,353			
Waterworks and Sewerage	General	-	659,843			
			1,409,279			

Interfund balances are advances in anticipation of receipts.

Notes to the Financial Statements April 30, 2012

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

## INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS - Continued

#### **Interfund Transfers**

Interfund transfers for the year consisted of the following:

Transfer In	Transfer Out	Amount
Nonmajor Governmental	General	\$ 302,032
Capital Projects	General	56,527
		358,559

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

#### LONG-TERM DEBT

#### Loan Payable

Loans payable are utilized to acquire capital equipment. Loans payable currently outstanding are as follows:

Issue	Fund Retired By		Beginning Balances	Issuances	Retirements	Ending Balances
Loan Payable of 2006 due in monthly payments of \$3,011, including interest at 4.75% through November 8, 2011.	Capital Projects	\$	20,393	•	20,393	
Loan Payable of 2011 due in monthly payments of \$8,075, including interest at 2.71% through September 22, 2015.	Capital Projects		¥	365,299	49,419	315,880
		-	20,393	365,299	69,812	315,880

Notes to the Financial Statements April 30, 2012

# NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

# **LONG-TERM DEBT** – Continued

# **General Obligation Bonds**

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the Village. General obligation bonds currently outstanding are as follows:

Issue	Fund Retired By	Beginr Balan	_	Issuances	Retirements	Ending Balances
General Obligation Bonds of 1998A - Due in annual installments of \$50,000 to \$300,000 plus interest at 4.35% through December 1, 2012.	Debt Service	\$ 575	5,000	-	275,000	300,000
General Obligation Bonds of 2003 - Due in annual installments of \$70,000 to \$90,000 plus interest at 6.00%, through June 30, 2013.	Debt Service	26	5,000_		85,000	180,000
		84	0,000		360,000	480,000

# **Revenue Bonds**

The Village also issued bonds for which the Village pledges income derived from the acquired or constructed assets to pay debt service. Revenue bonds currently outstanding are as follows:

Issue	Fund Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
Revenue Bonds of 1998B - Due in annual installments of \$125,000 to \$250,000 plus interest at 4.35% through December 1, 2014.	Waterworks and Sewerage	\$ 950,000	<del>.</del>	225,000	725,000

Notes to the Financial Statements April 30, 2012

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

## **LONG-TERM DEBT** – Continued

#### Revenue Bonds - Continued

Issue	Fund Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
Revenue Bonds of 2004 - Due in annual installments of \$75,000 to \$200,000 plus interest from 3.00% to 4.30 % through December 1, 2015.	Waterworks and Sewerage	\$ 675,000	~	100,000	575,000
		1,625,000	<u> </u>	325,000	1,300,000

#### **Alternate Revenue Source Bonds**

The Village issues bonds for which the Village pledges income derived from specific revenue sources to pay debt service. Alternate revenue source bonds further pledge the full faith and credit of the Village should the alternate revenue source be insufficient. Alternate revenue source bonds currently outstanding are as follows:

	Fund Retired	Beginning			Ending
Issue	Ву	Balances	Issuances	Retirements	Balances
Alternate Revenue Source Bonds of 2002A - Due in annual installments of \$75,000 to \$170,000 plus interest from 2.50% to 4.20% through December 1, 2019.	Motor Fuel Tax	\$ 1,270,000	-	110,000	1,160,000
Alternate Revenue Source Bonds of 2010 - Due in annual installments of \$175,000 to \$205,000 plus interest from 2.75% to 7.08% through January 15, 2030.	Infrastructure Capital Projects	2,975,000	-	125,000	2,850,000
		4,245,000		235,000	4,010,000

Notes to the Financial Statements April 30, 2012

#### NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

#### **LONG-TERM DEBT** – Continued

#### **IEPA Loans Payable**

The Village has entered into loan agreements with the IEPA to provide low interest financing for waterworks and sewerage improvements. IEPA loans currently outstanding are as follows:

	Fund Retired	Beginning			Ending
Issue	By	Balances	Issuances	Retirements	Balances
Illinois Environmental Protection Agency (IEPA) Loan of 2008, due in annual installments of \$659,967 to \$1,006,823 plus interest at 2.50% through January 22, 2030.	Waterworks and Sewerage	\$ 15,402,283	-	607,387	14,794,896

#### **Debt Certificates**

The Village issues debt certificates to provide funds for the acquisition and construction of major capital facilities. Debt certificates are direct obligations and pledge the full faith and credit of the Village. Debt certificates currently outstanding are as follows:

Issue	Fund Retired By	Beginning Balances	Issuances	Retirements	Ending Balances
15500	Бу	Dulailees	Issuances	Rothomonts	Balances
Debt Certificates of 2006 - Due in annual installments of \$135,000 to \$155,000 plus interest at 4.00% through December 15, 2011.	Waterworks and Sewerage	\$ 155,000	-	155,000	-

#### Noncommitment Debt - Special Service Area Bonds

Special service area bonds outstanding as of the date of this report totaled \$23,237,000. These bonds are not an obligation of the government and are secured by the levy of an annual tax on the real property within the special service area. The government is in no way liable for repayment but is only acting as agent for the property owners in levying and collecting the tax, and forwarding the collections to bondholders.

Notes to the Financial Statements April 30, 2012

#### NOTE 3 - DETAIL NOTES ON ALL FUNDS - Continued

#### **LONG-TERM DEBT** – Continued

## **Long-Term Liability Activity**

Changes in long-term liabilities during the fiscal year were as follows:

Type of Debt	Beginning Balances	Additions	Deductions	Ending Balances	Amounts Due within One Year
Governmental Activities					
Net Pension Obligation	\$ 1,402,781	125,323		1,528,104	#
Compensated Absences	385,084	112,504	225,008	272,580	54,516
Loans Payable	20,393	365,299	69,812	315,880	89,448
General Obligation Bonds	840,000	-	360,000	480,000	390,000
Alternate Revenue Bonds	4,245,000	=	235,000	4,010,000	250,000
Net Other Post-Employment					
Benefit Obligation	37,142	16,310		53,452	<u> </u>
		(10.10)	000.000		<b>502</b> 0.64
	6,930,400	619,436	889,820	6,660,016	783,964
Business-Type Activities					
Compensated Absences	36,995	7,907	15,814	29,088	5,818
Revenue Bonds	1,625,000	-	325,000	1,300,000	350,000
IEPA Loans	15,402,283	-	607,387	14,794,896	659,967
Debt Certificates	155,000	-	155,000	<del></del>	
	17,219,278	7,907	1,103,201	16,123,984	1,015,785

The General Fund makes payments on the net pension obligation and the net other post-employment benefit obligation. Payments on the loans payable are made by the Capital Projects Fund and payments on the general obligation bonds are made by the Debt Service Fund. The Motor Fuel Tax and the Infrastructure Capital Projects Funds make payments on the alternate revenue source bonds. The Waterworks and Sewerage Fund makes payments on the revenue bonds, IEPA loans and the debt certificates. Compensated absences for the governmental activities are generally liquidated by the General Fund and compensated absences for the business-type activities are liquidated by the Waterworks and Sewerage Fund.

The Village implemented the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions for the fiscal year ended April 30, 2012. In the governmental funds financial statements, the Village first utilizes restricted resources to finance qualifying activities, then committed, assigned and unassigned fund balance.

**Assigned Fund Balance**. The Village reports assigned fund balance in the Park Acquisition Fund and Infrastructure Projects Fund, both nonmajor funds. The Village's Board/management has assigned these funds to future improvement projects and equipment purchases based on approved Board/management expenditures as determined through the annual budget process.

**Minimum Fund Balance Policy**. The Villages policy manual states that the General Fund should maintain a minimum fund balance equal to 15% to 25% of budgeted operating expenditures.

Notes to the Financial Statements April 30, 2012

Investment in Capital Assets - Net of Related Debt			35,863,980

Notes to the Financial Statements April 30, 2012

#### **NOTE 4 – OTHER INFORMATION**

#### RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the Village's employees. These risks are provided for through insurance from private insurance companies. The Village currently reports all its risk management activities in the General Fund and Waterworks and Sewerage Fund. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

#### **CONTINGENT LIABILITIES**

#### Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material, adverse effect on the financial condition of the Village.

#### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

## EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS

The Village contributes to two defined benefit pension plans, the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system; and the Police Pension Plan, which is a single-employer, pension plan. A copy of the Police Pension Plan report may be obtained by writing to the Village at 874 Main Street, Antioch, Illinois 60002. IMRF also issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole, but not by individual employer. That report may be obtained online at <a href="https://www.imrf.org">www.imrf.org</a>. The benefits, benefit levels, employee contributions and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly.

Notes to the Financial Statements April 30, 2012

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLANS – Continued

#### Plan Descriptions, Provisions and Funding Policies

#### Illinois Municipal Retirement System

All employees (other than those covered by the Police plan) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Participating members hired before January 1, 2011 who retire at or after age 60 with 8 years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent for each year thereafter. For participating members hired on or after January 1, 2011 who retire at or after age 67 with 10 years of service are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3 percent of their final rate (average of the highest 96 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service, with a maximum salary cap of \$106,800 at January 1, 2011. The maximum salary cap increases each year thereafter. The monthly pension of a member hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 62, by the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years of credited service may retire at or after age 62 and receive a reduced benefit. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute. Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The Village is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. The employer contribution and annual required contribution rate for calendar year 2011 was 8.70 percent.

#### **Police Pension Plan**

The Police Pension Plan is a single-employer defined benefit pension plan that covers all sworn police personnel. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois State Statutes and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension trust fund.

Notes to the Financial Statements April 30, 2012

## Plan Descriptions, Provisions and Funding Policies - Continued

#### Police Pension Plan - Continued

At April 30, 2011, the date of the most recent actuarial valuation, the Police Pension Plan membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled to Benefits but not yet Receiving Them.	9
Current Employees	20
Vested and Nonvested	30
	39

The following is a summary of the Police Pension Plan as provided for in Illinois State Statutes.

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees hired before January 1, 2011, attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75% of such salary. Covered employees hired on or after January 1, 2011, attaining the age of 55 with at least 10 years creditable service are entitled to receive an annual retirement benefit of 2.5% of final average salary for each year of service, with a maximum salary cap of \$106,800 as of January 1, 2011. The maximum salary cap increases each year thereafter. The monthly benefit of a police officer hired before January 1, 2011, who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter. The monthly pension of a police officer hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of retirement or the month following the attainment of age 60, but the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years but less than 20 years of creditable service may retire at or after age 60 and receive a reduced benefit.

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, including administrative costs, as actuarially determined

Notes to the Financial Statements April 30, 2012

## Summary of Significant Accounting Policies and Plan Asset Matters

#### **Basis of Accounting**

The financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

#### Method Used to Value Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have any established market, if any, are reported at estimated fair value.

#### **Significant Investments**

There are no investments in any one organization that represent 5 percent or more of net assets available for benefits for the Police Pension Plan. Information for IMRF is not available.

#### **Related Party Transactions**

There are no securities of the employer or any other related parties included in plan assets.

## **Annual Pension Cost and Net Pension Obligation**

The amount of the pension liability for IMRF and the Police Pension Plan is as follows:

			Police
		IMRF	Pension
Annual Required Contribution	\$	259,118	791,415
Interest on Net Pension Obligation		2,142	96,195
Adjustment to Annual Required Contribution		(3,421)	(43,801)

Net Pension Obligation	2010	<u> </u>	1,249,039
_	2011	28,567	1,374,214
	2012	27,288	1,500,816

Notes to the Financial Statements April 30, 2012

## NOTE 4 – OTHER INFORMATION – Continued

## EMPLOYEE RETIREMENT SYSTEM - DEFINED BENEFIT PENSION PLANS - Continued

## **Funded Status and Funding Progress**

The Village's funded status for the current year and related information for each plan is as follows:

	Illinois Municipal	Police
	Retirement	Pension
Actuarial Valuation Date	12/31/11	12/31/11
Percent Funded	83.85%	36.99%
Actuarial Accrued Liability for Benefits	\$6,265,229	\$15,717,888
Actuarial Value of Assets	\$5,253,554	\$5,814,629
Over (Under) Funded Actuarial Accrued Liability (UAAL)	(\$1,011,675)	(\$9,903,259)
Covered Payroll (Annual Payroll of Active Employees Covered by the Plan)	\$3,115,026	\$2,103,438
Ratio of UAAL to Covered Payroll	32.48%	470.81%

The schedule of funding progress, presented as Required Supplementary Information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Notes to the Financial Statements April 30, 2012

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### OTHER POST-EMPLOYMENT BENEFITS

#### Plan Descriptions, Provisions, and Funding Policies

In addition to providing the pension benefits described, the Village provides post-employment health care insurance benefits (OPEB) for its eligible retired employees through a single employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Village's General Fund.

The Village provides post-employment health care benefits to its retirees. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans. Elected officials are eligible for benefits if they qualify for retirement through the Illinois Municipal Retirement Fund.

All health care benefits are provided through the Village's health insurance plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous, and substance abuse care; vision care; dental care; and prescriptions. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the Village's plan becomes secondary.

All retirees contribute 100% of the actuarially determined premium to the plan. For the fiscal year ending April 30, 2012, retirees contributed \$65,487. Active employees do not contribute to the plan until retirement.

At April 30, 2009, the date of the most recent actuarial report, membership consisted of:

Retirees and Beneficiaries Currently Receiving Benefits and Terminated Employees Entitled	
to Benefits but not yet Receiving Them	8
Active Employees	92_
Total	100
Participating Employers	1

The Village does not currently have a funding policy.

Notes to the Financial Statements April 30, 2012

#### **NOTE 4 – OTHER INFORMATION** – Continued

#### **OTHER POST-EMPLOYMENT BENEFITS** – Continued

#### **Annual OPEB Costs and Net OPEB Obligation**

The net OPEB obligation (NOPEBO) as of April 30, 2012, was calculated as follows:

	<u>OPEB</u>	
Annual Required Contribution Interest on the NOPEBO Adjustment to the ARC	\$	38,287 1,857 (929)
Annual OPEB Cost Actual Contribution		39,215 22,905
Increase in the NOPEBO		16,310
NOPEBO - Beginning of Year	_	37,142
NOPEBO - End of Year	_	53,452

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

#### **Trend Information**

The Village's annual OPEB cost, actual contributions, the percentage of annual OPEB cost contributed and the net OPEB obligation are as follows:

Fiscal	Annual OPEB	Actual	Percentage of OPEB	Net OPEB
Year	Cost	Contributions	Cost Contributed	Obligation
2010 2011 2012	\$ 34,655 36,703 39,215	\$ 22,905 22,905 22,905	66.09 % 62.41 58.41	\$ 23,344 37,142 53,452

Notes to the Financial Statements April 30, 2012

## **NOTE 4 – OTHER INFORMATION – Continued**

## **OTHER POST-EMPLOYMENT BENEFITS** – Continued

## **Funded Status and Funding Progress**

The funded status of the plan as of April 30, 2012 was as follows:

Actuarial Accrued Liability (AAL)	\$	586,450
Actuarial Value of Plan Assets		-
Unfunded Actuarial Accrued Liability (UAAL)		586,450
Funded Ratio (actuarial value of plan assets/AAL)		0.00%
Covered Payroll (active plan members)	5	,891,639
UAAL as a percentage of covered payroll		9.95%

## **Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the April 30, 2012 actuarial valuation the entry age actuarial cost method was used. The actuarial assumptions included a 5.0% investment rate of return (including a 3% inflation assumption) and an annual healthcare cost trend rate of 8.0%, with an ultimate rate of 6.0%. The actuarial value of assets was not determined as the Village has not advance funded its obligation. The plan's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at April 30, 2012, was 30 years.

## OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such statements and schedules include:

- Budgetary Comparison Schedules Major Governmental Funds
   General Fund
   Debt Service Fund
   Capital Projects Capital Projects Fund
- Combining Statements Nonmajor Governmental Funds
   Combining Balance Sheet
   Combining Statement of Revenues, Expenditures, and Changes in Fund Balances
- Budgetary Comparison Schedules Nonmajor Governmental Funds
   Motor Fuel Tax Special Revenue Fund
   Tax Increment Financing Special Revenue Fund
   Drug Seizure Special Revenue Fund
   Park Acquisition Capital Projects Fund
   Infrastructure Projects Capital Projects Fund
- Major Proprietary Fund Waterworks and Sewerage Fund Enterprise Fund Schedule of Net Assets
   Budgetary Comparison Schedules
   Schedule of Changes in Net Assets – Restricted – Bond Accounts
- Fiduciary Funds
   Budgetary Comparison Schedule Police Pension Pension Trust Fund
   Combining Statement of Changes in Assets and Liabilities Agency Funds

## COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

#### GENERAL FUND

The General Fund accounts for all financial resources except those required to be accounted for in another fund.

#### SPECIAL REVENUE FUNDS

Special Revenue Funds are created to account for the proceeds of specific revenue sources (other than fiduciary funds or capital project funds) that are legally restricted to expenditure for specified purposes.

#### **Dolly Spiering Memorial Fund**

The Dolling Spiering Memorial Fund is used to account for the use of funds provided by an estate bequeath by Ms. Dolly Spiering to the Village senior center.

#### **Motor Fuel Tax Fund**

The Motor Fuel Tax Fund is used to account for the maintenance and construction of streets and roads as approved by the Illinois Department of Transportation.

#### **Tax Increment Financing Fund**

The Tax Increment Financing Fund is used to account for expenditures of incremental property taxes and sales tax generated in the designated downtown Tax Increment Financing area.

#### **Drug Seizure Fund**

The Drug Seizure Fund is used to account for drug seizure revenues reserved for approved public safety expenditures.

#### **DEBT SERVICE FUND**

Debt Service Funds are created to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

## COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

#### CAPITAL PROJECTS FUNDS

Capital Projects Funds are created to account for all resources used for the acquisition of capital facilities by a governmental unit except those financed by Proprietary Funds.

#### Special Service Area #1 Fund

The Special Services Area #1 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #1.

#### Special Service Area #2 Fund

The Special Services Area #2 Fund is used to account for a portion of the infrastructure costs for the area designated as Special Service Area #2.

#### **Capital Projects Fund**

The Capital Projects Fund is used to account for capital improvement expenditures.

#### **Park Acquisition Fund**

The Park Acquisition Fund is used to account for park improvement expenditures.

#### **Infrastructure Projects Fund**

The Infrastructure Projects Fund is used to account for the expenditures of the Recovery Zone Economic Development Bonds and Recovery Zone Bond proceeds. The proceeds of the Bonds must be applied to public projects that would enhance economic development.

#### **ENTERPRISE FUND**

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where it has been decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purpose. The Village's enterprise fund is a non-major fund.

## COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

#### ENTERPRISE FUND

#### Waterworks and Sewerage Fund

The Waterworks and Sewerage Fund is used to account for the provision of potable water and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations and maintenance, financing and related debt service, billing and collection.

#### TRUST AND AGENCY FUNDS

#### PENSION TRUST FUND

#### **Police Pension Fund**

The Police Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees on the police force at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the Village at amounts determined by an annual actuarial study.

#### **AGENCY FUNDS**

#### **Escrow Deposit Fund**

The Escrow Deposit Fund is used to account for the collection and use of the escrow activity.

#### Special Service Area #1 Fund

To account for the collection of property taxes within Special Service Area #1 and payments of related special service area debt.

#### Special Service Area #2 Fund

To account for the collection of property taxes within Special Service Area #2 and payments of related special service area debt.

# STATISTICAL SECTION (Unaudited)

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

#### Financial Trends

These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.

#### Revenue Capacity

These schedules contain information to help the reader assess the Village's most significant local revenue sources.

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the government's ability to issue additional debt in the future.

#### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.

#### Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.

Net Assets by Component - Last Eight Fiscal Years\* April 30, 2012 (Unaudited)
