The Village of Antioch, a non-home rule municipality, is governed by a Mayor and six-member Board of Trustees, all of whom are elected for four-year staggered terms. The Board is the legislative body of the Village government. All administrative work is performed under the direction of the Village Administrator, who is salaried and appointed by the Mayor and Board of Trustees. Village Board meetings are held at 6:30 p.m. on the second and fourth Wednesday of each month. All meetings are open to the public and are located at the Village Hall, 874 Main Street.

## ***Vision Statement***

---

Antioch is a community steeped in rich history and tradition, anchored by a safe, small-town atmosphere, and known for its quality of life. Its vibrant economy draws from the charm of a quaint downtown, a well-educated workforce, and a robust commercial sector. The variety of recreational opportunities available to residents and visitors are accentuated by the area's proximity to the Chain of Lakes and network of locally established parks, open space, and trail systems. Antioch proudly supports the collaboration of its educational institutions, faith-based and philanthropic organizations, and service agencies to provide opportunities for investment and the enrichment of our families, businesses, and community.

The Antioch Community Vision is an expression of what we value as a community and where we hope to be in the future. It is motivated by the idea that if we articulate where we are trying to go and share the message in a report and findings, the likelihood of success increases significantly. As a living document, the Vision shall be used and reviewed regularly by all members of our community including, but not limited to, residents, local government, civic organizations, institutions, and businesses.

### ***Organization and layout***

The Antioch Community Vision is organized into a single unified executive statement (Vision Statement) of six (6) core values and is then followed by an additional analysis of each core value which further illustrates a desired or ideal future for Antioch.

Within each Core Value analysis, a mission statement is included to provide directions to achieve that vision. More focused and tactical than the overall vision statement, the Core Value analysis and missional goals express greater meaning and detailed direction for achievement. Click on each value for a more in-depth analysis.

Supporting exhibits and findings are included to explain data trends and provide backup to the methods and findings. Graphs and pictograms illustrate the results of the Community wide survey and reveal the themes that supported the Core Values, Mission Statements, and goals set forth in the body of the Community Vision.

**Six Core Values Defined:**

**Small Town Atmosphere & Historic Community Character:**

Enhance Antioch's unique attributes - its small town feel and historic community character. Build upon the cornerstone of service and the Village's culture of renewal, volunteerism, and philanthropy. Revitalize and expand downtown as a community focal point that offers a unique and memorable experience for residents and visitors.

**Pedestrian Connectivity & Community Accessibility :**

Increase travel options through enhanced walking, bicycling, and transportation systems. Enhance mobility through increased connectivity of activity centers and improved active transportation network.

**Entertainment, Recreation & Active, Healthy Lifestyles:**

Promote fun, active lifestyles, quality of life, and community health by improving the availability of social and recreational opportunities.

**Open Spaces & the Natural Environment:**

Prioritize the enhancement, restoration, and utilization of open spaces and natural environment. Support and protect Antioch's unique open space and lake heritage through environmental stewardship.

**A Vibrant Economy, Business Diversity, & Tourism:**

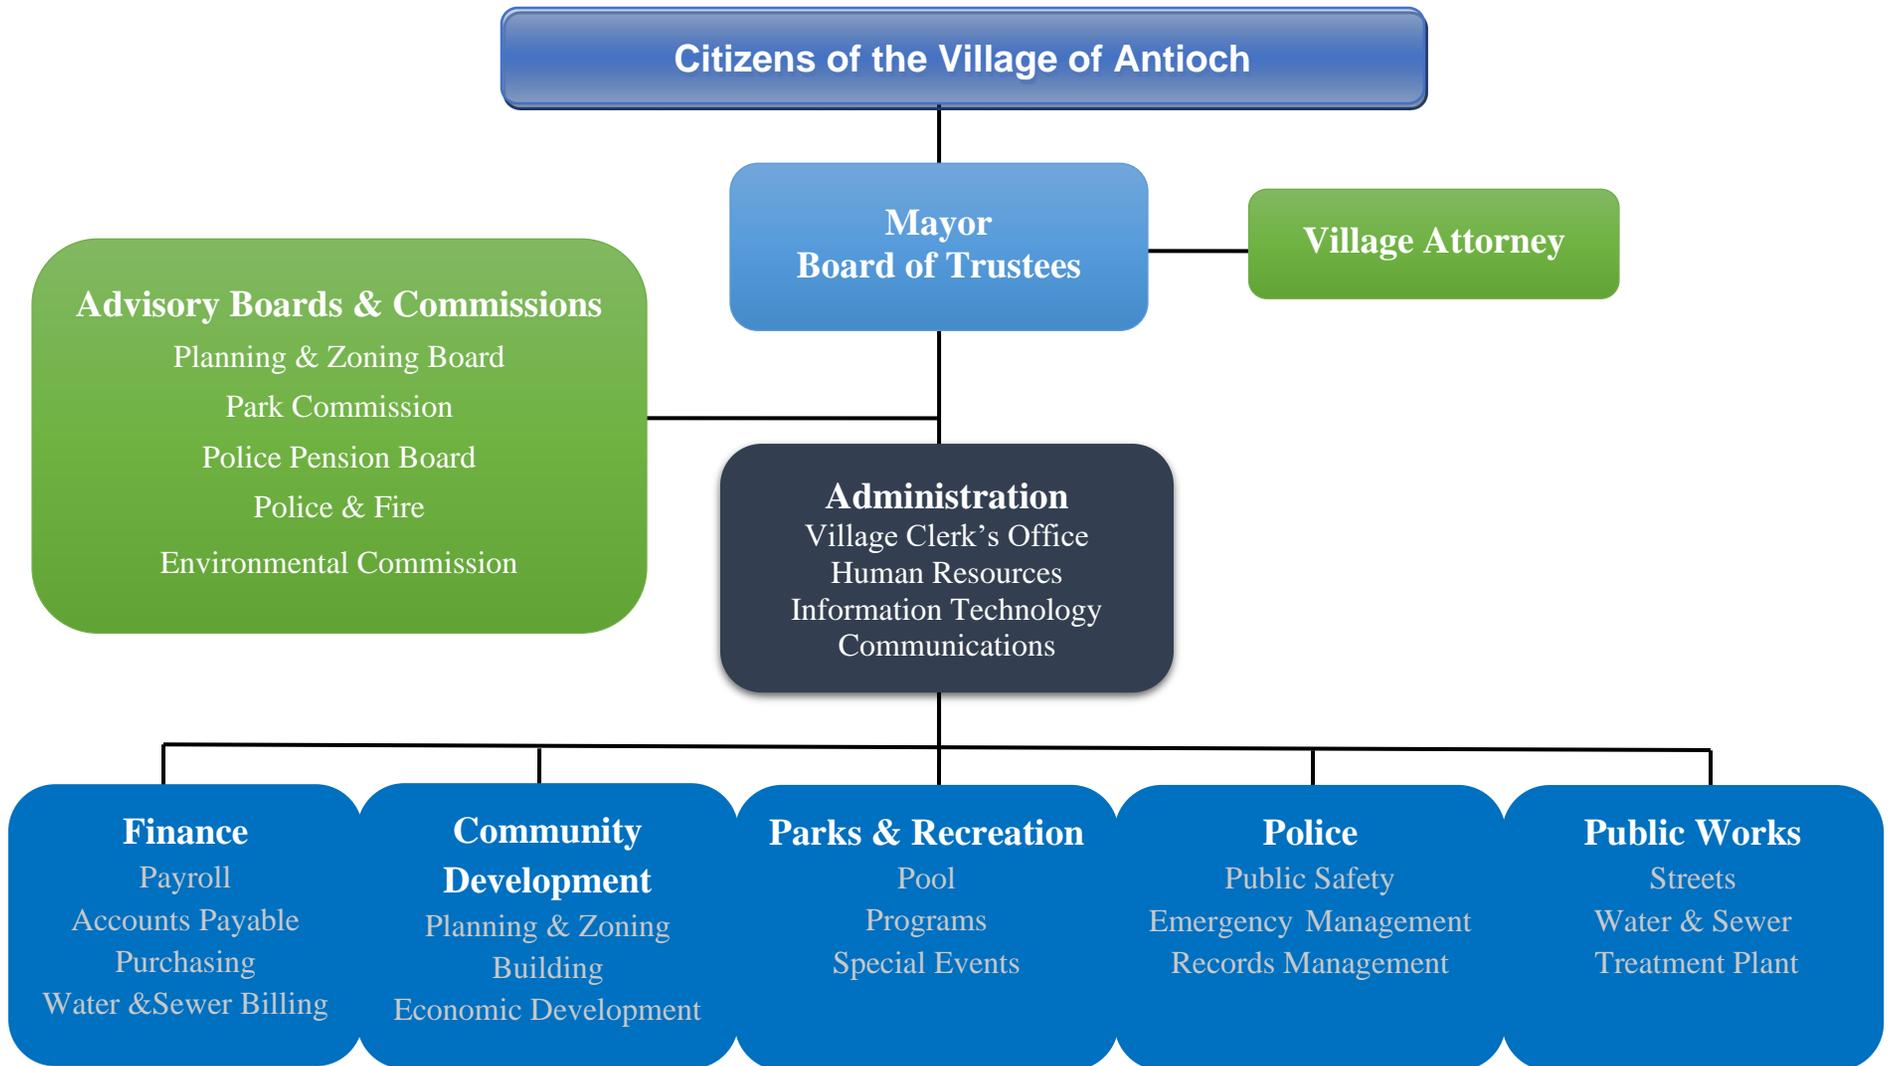

Strengthen the Village's economy and its position as a commercial center through the promotion of increased specialty retail, dining opportunities, Antioch's tourism sectors, and a diverse portfolio of businesses that support Antioch Vision.

**High Quality Education, Community Services, & Civic Engagement:**

Support quality, comprehensive education, and life-long learning opportunities, provide community services for a changing population, and maintain a high standard of public safety.

**To:** Mayor Gartner and Members of the Village Board of Trustees  
**From:** Jim Keim, Village Administrator  
**Date:** May 1, 2023  
**Subject:** May 1, 2023, to April 30, 2024, Budget

I am pleased to present the Fiscal Year (FY) 2024 Budget. This document adheres to the mandatory criteria and recommendations of the Government Finance Officers Association (GFOA) and the National Advisory on State and Local Budgeting (NACSLB) and reflects the commitment of the Village Board and staff to meeting the highest principles of governmental budgeting.

The budget has been developed in conjunction with our long and short-term strategic goals and initiatives to address the growth of the community and to maintain superior levels of service to our citizens.

Passing a balanced budget reflects the Village's continued commitment to manage its fiduciary responsibilities efficiently. This year was challenging due to inflationary forces and greater capital needs.

Staff met to identify priorities and objectives for the FY2024 budget. As with the prior year, management considered factors such as the economic environment, the demographics of the market area, population projections, and residential and commercial trends.

The total revenue projection for all Operating and Capital Funds is \$51,492,847. The total budget of \$50,987,240 reflects the Village's commitment to fulfilling the following goals for the fiscal year:

- Maintain the integrity of Village property and the infrastructure system.
- Improve public safety functions.
- Promote economic development and improve pedestrian amenities, and
- Create, improve, and maintain recreational facilities.
- Maintain operating costs including personnel and services to the community.

The General Operating Fund continues a positive balance trend after years of declining fund balances. Transfers of \$5 million are budgeted for capital outlay expenses, and \$587 thousand are for debt payments. All bond payments are paid out of the Debt Service Fund.

Capital outlay for fiscal year 2024 are subsidized by Utility Taxes, the American Rescue Plan Act Fund (ARPA), grant funding and fund balance from the General Fund, Motor Fuel Tax (MFT) revenues, Business District taxes and Tax Increment Financing (TIF) Funds, and other miscellaneous revenues. Details can be found in the Capital Improvement Plan (CIP) included in this document.

The total outstanding bonded debt at the beginning of FY24 is \$30 million. This includes \$6 million to build the Wastewater Treatment Facility.

Water & Sewer fund revenues are projected at \$6.8 million with an operating and capital expense budget of \$6.7 million resulting in a surplus of \$124,080. Major projects include Grimm Road Utilities, Well #5 Upgrade, and \$600,000 to replace the Crest sanitary sewer (grant dependent).

The operating reserve is stable at \$3.5 million. As the Village's cash position improves, funding amounts to the reserve will be adjusted accordingly. The goal and standard practice are at least 3 months of operating expenditures in the event of a major emergency or State funding reductions. Water and Sewer Fund reserves are \$1.9 million which meets the goal of 25% of expenses.

***Process:***

**1. Long-term goals**

The long-term strategic goals and initiatives are updated annually.

To maintain or enhance the level of service to citizens it is important to continually update the strategic plan as priorities change.

**2. Encourage Board of Trustees involvement in the budget process.**

This can be accomplished through a series of workshops to:

- Develop goals and objectives.
- Prioritize Village needs.
- Examine the significant issues facing the Village of Antioch.
- Clearly identify funding priorities e.g., public safety, infrastructure, community services, etc.

**3. Continue to fund general operating costs while expanding administrative services, economic development possibilities and community services.**

As part of the village's strategic planning the village has evaluated staffing needs and has approved the following full-time positions:

- Assistant Village Administrator
- Business Development Coordinator

- Community Service Officer who will also participate in Code Enforcement

Finally, the Board, management, and staff have weathered the COVID Pandemic impressively without any significant impact on services or service levels. The Village is experiencing a rebound of commercial and residential development; however, with growth comes the challenge of maintaining and improving infrastructure, services, and amenities. The staff is confident that we can successfully meet this challenge. We will continue to carefully review all funding sources and options and recommend those that are consistent with our present and future financial capabilities.

## ***Executive Summary***

---

The mission of the Village of Antioch is to enhance and preserve the quality of life by providing fiscally sound and responsive services, programs, and facilities with the highest degree of professionalism, integrity, and efficiency so that Antioch continues to be a great place to live and work.

The Village of Antioch, Illinois is a non-home rule community governed by a Mayor-Trustee form of government. The 8.23 square mile village was incorporated in 1892 and is located in the northwest corner of Lake County.

The Village provides a wide variety of services to its 14,622 residents. Major operations include police safety, highway and street maintenance and construction, building code enforcement, public improvements, economic development, planning and zoning, waterworks and sewerage services and general administrative services. The First Fire Protection District provides fire safety and ambulance services.

To achieve its mission, management and staff met to identify priorities and objectives for the fiscal year. Despite the limitations of the current revenue sources, staff developed the following goals and objectives to implement the direction of the Board of Trustees to place more emphasis on capital projects and equipment.

**1. Maintain the integrity of Village property and the infrastructure system.**

- Crest Sanitary Sewer replacement
- Downtown Open Space Redevelopment
- New Village Hall purchase and design
- Design for a new Public Works facility
- Grimm Road project
- Well 5 Upgrade
- Road program

**2. Improve public safety functions.**

- Replace 6 police vehicles
- North Avenue quiet zone upgrade

**3. Promote economic development and improve pedestrian amenities.**

- Provide funding for a façade program
- Route 59 bike path
- Park beautification

**4. Create, improve, and maintain recreational facilities.**

- Develop Park Master Plan
- Park maintenance

*General Fund History*

In 2008 fund balances steadily declined as development slowed and expenditures increased. Management took several measures to reverse the trend, including two years of layoffs, closing the dispatch center, and offering an early retirement incentive and as demonstrated below, realized significant success.

In 2014, the Village assumed the responsibility of providing Emergency Medical Services which slowed the growth of fund balance resulting in decreased transfers to the capital fund for capital projects. A referendum was passed in 2016 to levy for ambulance services, and beginning May 1, 2018, another successful referendum to annex the Village to the Fire District for fire and ambulances services has improved the health of the operating fund allowing for additional funding for capital projects.

Furthermore, bonds were issued in the years 2019 and 2021 affecting the ending fund balances.

In 2011 the Village implemented the revenue sources from utility taxes such as Nicor, Com Ed and Telecommunications.

***General Operating Revenues & Expenditures***

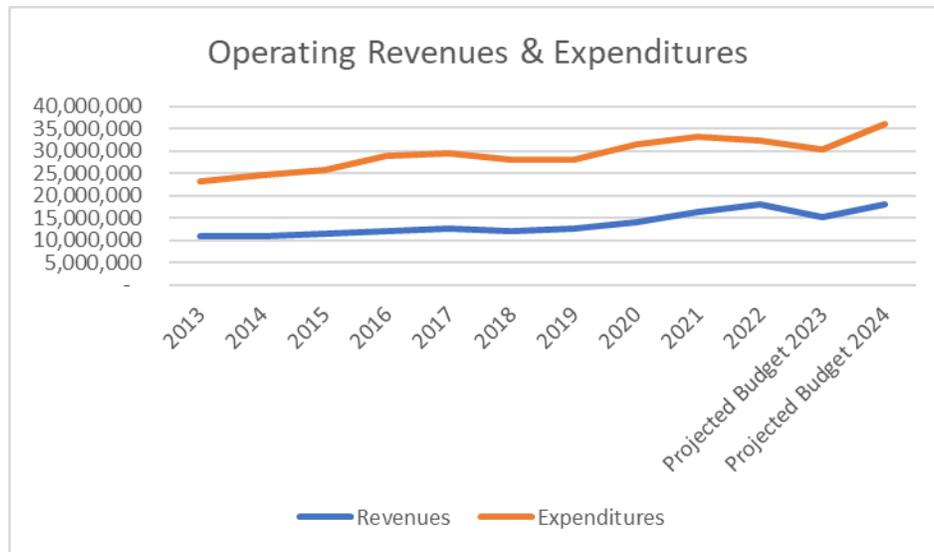

The chart below represents actual revenues and expenditures in the operating fund – this includes transfers in or out of the fund.

Revenues started to climb in 2013 with the implementation of utility taxes. Utility taxes are transferred annually to the Capital Fund to fund General Fund outlay and debt. Other financing sources such as fund balance may be allocated to the budget as a transfer to another fund as needed. Such transfers may be needed to subsidize other expenses.

The revenue growth from 2016 through 2017 is due to the increases in property taxes, fees, sales taxes, income taxes and other sources of revenue.

The FY2018 decrease in revenues reflects the break-up of Fire and Rescue services by the village not provided by the First Fire Protection District.

In 2020 the Village of Antioch shows revenues increasing. This is due to Video Gaming, ARPA funding and the increase in CPI compared to prior years.

	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	Projected Budget 2023	Projected Budget 2024

General operating projected FY24 revenues of \$17,983,486 are \$16,078 more than planned expenditures. Revenues are sufficient to cover expenditures, but without another source for capital outlay purchases, the surplus will be transferred to the capital fund, the reserve fund, and to pay the principal and interest on debt.

### General Operating Revenues

Projected overall revenues reflect an 18.24% increase. Sales taxes and income taxes show an increase of 2% and 21%, respectively. Video gaming has increased significantly, with a projected increase for budget 2024 of 15%. Utility tax has been trending relatively flat with only a slight increase in natural gas. Property taxes increase according to the CPI or new construction. No significant increase of property taxes is projected for budget 2024. All other revenues have been consistent with no significant changes.

### *General Operating Expenditures*

The General Fund expenditure budget of \$17,967,408 is higher than the prior year's estimated year-end expenditures of \$15,180,132. The increase is attributed to the increase in police pension costs, addition of new positions, as well as, increased operating costs.

### *Operating Reserves*

In 2006, a fund balance reserve was established to fund operating expenses in the event of unforeseen emergencies or revenue decline. The plan required annual transfers of \$300,000 to the reserve fund until the reserve represents three months of operating expenses or \$3.5 million. At the end of FYE 2023 the fund balance reserve stands at \$3.5 million, reaching the goal set by the Village Board.

### *Special Revenue Funds*

The ***Antioch Drug Seizure Fund*** revenues fluctuate and are directly related to the number and value of property or illegal substances seized. Expenses in this fund are regulated by State statute.

The ***Motor Fuel Tax Fund (MFT)*** revenue projections per the Illinois Municipal League (IML) are \$23.37 per capita which amounts to \$342 thousand. MFT taxes are used primarily for road programs, but also pay the debt service on bonds when issued. A \$600,000 thousand road program is planned for budget 2024 of which will be funded by MFT.

The ***Tax Increment Financing Fund (TIF) - Antioch Corporate Center*** accounts for incremental property taxes collected in the Antioch Corporate Center TIF District on Route 173 which was created in 2009. The 100-acre planned park can accommodate up to 2.2 million square feet of build-to-suit warehouse and office space. The developer has completed construction of a 454,276 square foot building which is currently leased, and a 558,000 square foot manufacturing facility owned by Handi-Foil, an aluminum products manufacturer. A third building is proposed to be built for the expansion of Fischer Paper Products, a long-time Antioch business.

Interest in the Antioch Corporate Center continues to grow, once fully developed, and fully occupied the industrial center will boost Antioch's economy.

The ***Tax Increment Financing Fund (TIF) – Route 83 Redevelopment*** was designated in May 2018. In 2015, the Village annexed and purchased approximately 50 acres of vacant farmland known as the "Boylan Property". The property has strategic value to the village

and was identified as a potential economic development subject property. Tractor Supply Company opened its doors for business in 2018 and staff are working with other businesses to expand or build on the property.

The *Antioch East and Central Business Districts Funds* were designated in March 2019 and March 2020 to impose a 1% retail and service occupation tax specified by State Statute. The tax is anticipated to generate over \$1 million annually.

### *Capital Improvements*

Each year, management prepares a 5-year Capital Improvement Plan to identify capital outlay for the new fiscal year and four years into the future. Management has placed a greater priority on addressing infrastructure issues and has budgeted \$11.3 million to address these needs. Capital outlay is primarily funded by the general operating fund including utility tax. Purchases are discussed in further detail in the capital improvement section of this document.

### *Debt Service*

Outstanding debt of \$41.5 million includes bonded debt, a refunded IEPA loan for the treatment plant, and vehicle and equipment leases. Details of debt are addressed later in this document.

### *Waterworks and Sewerage Fund*

Revenues are projected to generate approximately \$6.8 million and \$6.7 million in expenses. It is anticipated that for budget 2023-2024 the water and sewer fund will have a surplus of \$124,080. Major projects include Grimm Road Utilities and \$600,000 to replace the Crest sanitary sewer (grant dependent) and a major overhaul to the clarifier.

In conclusion, the 2023-2024 budget strives to implement the goals and priorities of the Village Board and staff. The emphasis on capital improvements is the first step in a long process of bringing Antioch into alignment with other growing communities. With the rapid commercial and residential growth that Antioch has been experiencing, comes the challenges of maintaining and improving services, infrastructure, and amenities.

## *History*

---

The Pottawatomi Indian Tribe inhabited Antioch when white men began to arrive. The Pottawatomi were nomadic hunters, who lived in tepees. They fought with the British in the War of 1812 and then with the American settlers in the Blackhawk War of 1832. It was in 1832 that the Indians began to leave the area. Arrowheads and other remnants of their history can still be found if one knows where to look. The winding Highway 173 was once an Indian trail and Highway 83 was the Muquonago Trail. Sequoit, name of the creek and the local high school mascot, is an Indian word meaning "winding".

The first permanent white settlement in Antioch was the Gage Brothers' cabin on Sequoit Creek. In 1839, Hiram Buttrick built a sawmill along Sequoit Creek, which made Antioch a center of commerce. A replica of the mill has been built a few hundred feet downstream from where it once stood. In 1843, the residents gave the settlement the biblical name "Antioch" and started a school. The town grew as new settlers (primarily of English and German descent) established farms and businesses.

In the late 1800's, Antioch became a popular vacation spot for Chicagoans. Tourism grew quickly once the rail line to Chicago was laid in 1886. Originally, farmers near the lake accepted boarders, then they added guest rooms onto their homes. Eventually hotels and subdivisions of summer cottages were built. The tourists took excursion boats through the renowned flowering lotus beds. Hunting, fishing, dancing, and gambling were big draws, but most tourists (not to mention year-round residents) simply preferred the quiet country life over the hustle and bustle of Chicago.

Fire destroyed much of downtown in 1891, 1903, and 1904. In 1905, the town was rebuilt with brick and started a public water system. The base of the first water tower is still found at the corner of Toft and Orchard Streets. A volunteer Fire Department was formed in 1913.

The town grew at a steady pace through the years. Harvesting ice to supply ice boxes was a major industry in the area for many years. Pickard China, America's finest China company, has been a steady employer in Antioch since 1937. In the 1950's, the village developed the large industrial park along Anita Avenue, which greatly contributes to the tax and employment base.

Antioch residents can reach both Chicago and Milwaukee by way of Interstate 94 and U.S. 41. Metra commuter service between Antioch and Chicago began in August of 1996. A new train depot was constructed to accommodate travel to and from Antioch.

## *Village Profile*

---

The Village of Antioch, Illinois is a non-home rule community governed by a Mayor-Trustee form of government. The 8.23 square mile village was first settled in 1832 and incorporated in 1892. The Village is located in the northern part of Lake County, bordering the Wisconsin State Line, approximately fifty miles northwest of the City of Chicago and twelve miles west of the City of Waukegan, County Seat. The Village lies within the rapidly growing suburban area of the Chicago metropolitan region. Nearby communities include the Villages of Lindenhurst, Lake Villa, and Fox Lake.

Antioch is situated at the head of the Chain O' Lakes, a chain of nine interconnected lakes tributary to the Fox River which begins fifteen miles to the south. The Chain O' Lakes State Park, a 1,514-acre nature preserve, and 3,230-acre conservation area owned by the State of Illinois are both within a short distance. The County Forest Preserve District owns large wetland areas in the east part of the Village designated for the preservation and maintenance of wildlife and plant growth.

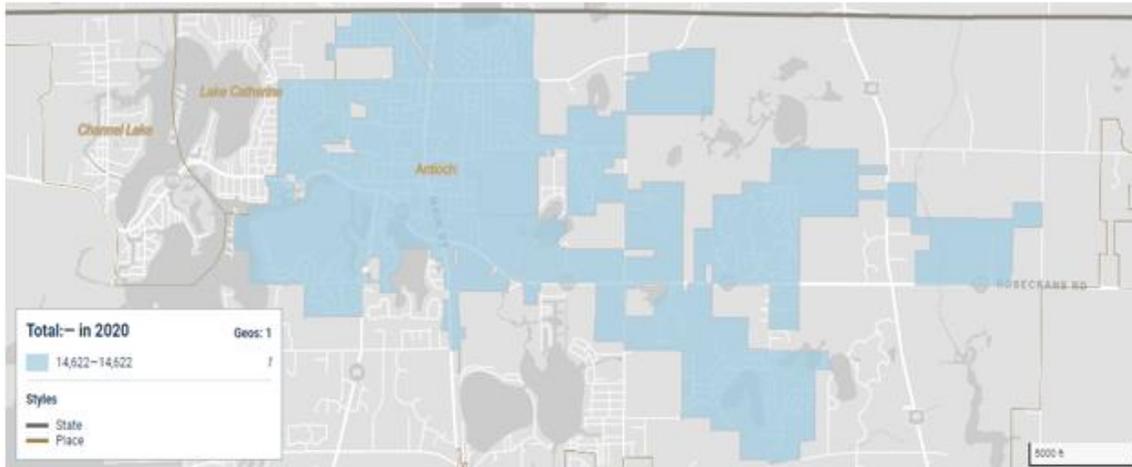

In 1995, the Village had annexed the large land areas lying east of the Village and extending approximately three miles to U.S. Route 41 and the Illinois Tri-State Tollway. State Route 173 extending west to the Village has been widened and improved through the development area.

The first village hall was built on November 16, 1916. Major operations include police safety, highway and street maintenance and construction, building code enforcement, public improvements, economic development, planning and zoning, waterworks and sewerage services and general administrative services. Fire safety is provided by the First Fire Protection District which is a volunteer department. Organized in 1912 by 25 members of the community, the department has grown to the present membership of 85 dedicated volunteer paid on call members.

### *Employment*

Antioch has a diverse employment base. Professionals, financial institutions, automobile dealerships, and retail stores draw from a trade area with the approximate borders of the Tri-State Tollway on the east, Route 31 on the west, Route 50 on the north and Grand Avenue to the south. Antioch also has a large industrial park adjacent to the Wisconsin Central Railway, north of Highway 173.

### *Attractions*

Tourism has always been an important part of the local economy. The Village offers numerous campgrounds, marinas, bike, and hiking trails.

In April 2018, for its first public art project, the Village installed a 7-foot bronze sculpture of a trail marker tree created by local artist Dennis Downes. Created by the Native American, trees were bent as saplings to mark land and water trails for tribes, fur traders, and early pioneers. A blessing ceremony performed by Little Fawn, Ottawa elder and daughter of Chief Thunder Cloud, along with Elder Andrew Johnson marked the occasion. The tree sits on a Native American trail known as Porcupine Trail Porcupine Trail that passed through what is now Antioch's Main Street.

### *Economic Condition and Outlook*

The Village reported a positive fund balance at fiscal year-end 2011 after years of declining and negative fund balances. The positive recovery has continued through fiscal year-end 2023 as demonstrated by a positive fund balance of \$7.5 million with \$7 million in unassigned fund balance in the General Operating Fund. Careful monitoring of areas of concern will continue throughout the current fiscal year.

Antioch continues to see new developments. The newest phase of Clublands, Phase 3, is currently under construction with Moda Homes and NVR. This new phase contains new ranch models, and the Village has seen more single-family permits in 2023 compared to the past five years. Last fiscal year saw the completion of 65 new townhomes in Deercrest Development and the successful leasing of these luxury townhomes.

Downtown revitalization is continuing with the anticipated start of a new “Downtown Park” on the former Pittman property. This multi-million-dollar plan completed by Lakota Design is anticipated to bring new development interest to Downtown. With the recent opening of Station 51, new restaurant investment is taking place in the Downtown. Staff are working with Oliveri North on a major new renovation and the Village has completed Historic restorations on several Downtown buildings. Over \$150,000 in the fiscal year has been invested in Downtown facades and this is reflected in the recent historic restoration of the Antioch Cyclery in 2023.

Discussions are ongoing with the owner of the Brown LLC property, an 82-acre future mixed-use development on Route 173 that will potentially contain both commercial and residential development. This potential new development will anchor the existing commercial center of Antioch, as Menards and Wal Mart continue to see record setting sales. In addition, Staff continues to discuss commercial development opportunities at the Northeast corner of Route 173 and Deep Lake Road and anticipated new development at the corner in 2023.

## **FINANCIAL SUMMARIES**

### ***Financial Policies***

---

Over the last eight years, the Village of Antioch has made significant progress in its financial management and compliance with generally accepted accounting principles (GAAP). Several policies were adopted by the Board in an effort to bolster its financial management practices and provide direction for strategic planning.

Recognizing that there were still significant improvements to be made, the Village followed the National Advisory Council on State and Local Budgeting (NACSLB) recommendation to formally adopt all required policies. A Fiscal Policy Manual was adopted in August 2015.

The fiscal policies set the basic framework for the overall fiscal management of the Village government. Operating independently of changing economic circumstances and conditions, these policies help the decision-making process of the Village Board and administration. These policies provide guidelines for evaluating both current and future activities and programs.

Most of these policies represented long-standing practices of the Village and have helped maintain its financial stability. By adopting a Fiscal Policies Manual, the Village Board formalized current practices to clearly define the fiscal discipline of the Village of Antioch government and set standards to be maintained in the future.

### ***Accounting, Auditing & Financial Reporting Policy***

The Village adheres to a policy of full and open disclosure of all financial operations, complies with prevailing federal, state, and local statutes and regulations, and conforms to generally accepted accounting principles. Accounting records for general government operations are maintained on a modified accrual basis, with revenues recorded when measurable and available and expenditures recorded when the services of goods are received, and liabilities incurred. The Village produces a Comprehensive Annual Financial Report (CAFR) in accordance with generally accepted accounting practices as outlined by the Governmental Accounting Standards Board. An independent audit is performed annually and presented to the Village Board.

### ***Revenue Policies***

The Village reviews user fees and charges periodically taking into consideration the operating, direct, indirect, and capital costs market rates, and charges levied by other municipalities of similar size of providing the service. The Village takes all necessary measures in pursuing all revenues due for services provided. This policy will hold true for revenues generated in operating, enterprise, and special revenue funds.

### ***Expenditure Policies***

The Village maintains a level of expenditure that will provide for the public well-being and safety of the residents of the community. The annual operating budget includes the capital projects identified in the Five-Year Capital Improvement Program. A performance-based employee compensation package consistent with comparable communities is maintained to recruit and retain qualified employees.

### ***Signature Policy***

All checks, drafts or other withdrawals orders issued against the funds of the Village may be signed by any two of the following: Mayor, Village Administrator, Finance Director, or Village Clerk.

### ***Investment Policy***

The Finance Director (Treasurer) shall attempt to obtain the highest yield, provided that all investments meet the criteria established for safety and liquidity. The investment policies and practices of the Finance Director (Treasurer) for the Village of Antioch are based upon Federal, State, and Local law and prudent money management. The primary goals of these policies are:

1. To assure compliance with all Federal, State and Local laws governing the investment of monies under the control of the Finance Director (Treasurer),
2. To protect the principal monies entrusted to this Office, and
3. To generate the maximum amount of investment income within the parameters of this Investment Policy and the guidelines for suitable investments.

### ***Debt Management Policy***

The Village will follow a policy of full disclosure on every financial report and bond prospectus. General obligation debt will not be used for enterprise activities without a designated retiring revenue source. Illinois Compiled Statutes provides that the Village indebtedness should not exceed 8.625% of the value of the taxable property. Long-term borrowing will be limited to capital improvements or one-time obligations that cannot be financed from current revenues or reserves. The useful life of these capital improvements will equal or exceed the term of the debt. Full analysis of the future operating and maintenance costs associated with the project shall be prepared as part of the debt financing proposal.

### ***Fund Balance Reserve Policy***

To maintain the Village's credit rating, meet seasonal cash flow shortfalls, provide for unexpected contingencies, and continue to provide Village services, the Village established an unrestricted reserve balance in the Village's General and Enterprise Funds.

The Fund Balance Reserve will be used for unanticipated reductions in state, development, or other anticipated revenues as well as emergency and contingency expenditure needs. The Fund Balance Reserve shall maintain a balance of 15% to 25 % of the ensuing fiscal year's budgeted operating expenditure amount.

### ***Balanced Budget***

The Village's policy is to operate under a balanced budget. A balanced budget is attained when revenues plus other financing sources are more than or equal to expenditures plus other financing uses. However, when budgeted expenditures exceed anticipated revenues, fund balance is added to the revenues to cover those expenditures or deficit. The resulting equation is revenues + other financing sources + fund balance = expenditures + other financing uses. Fund balance is the excess of assets over liabilities.

### ***Fixed Asset Policy***

The purpose of this fixed asset policy is to provide control and accountability over fixed assets. The Village's fixed asset policy is established to safeguard Village assets and to ensure compliance with GASB34 for governmental financial reporting. Specifically, the GASB Statement No. 34 states that governments should provide additional disclosures in their summary of significant accounting policies including the policy for capitalizing assets and for estimating the useful lives of those assets which is used to calculate the depreciation expense. The Statement also requires disclosure of major classes of assets, beginning and

end-of-year balances, capital acquisition, sales/dispositions, and current-period depreciation expense.

***Purchasing Policy and Procedures***

The policy provides procedures for soliciting, processing, awarding, and rejecting bids, proposals, quotations, and change orders in a competitive unbiased manner, with application to all Village purchases.

***Pension and Retirement Benefits***

The village shall levy 100% of the annual actuarially determined contribution.

### ***Budgetary Basis of Accounting***

---

The basis of accounting refers to revenues and expenditures or expenses recognized in the accounts and reported in the financial statements. The basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The basis of budgeting is the same as the basis of accounting. Budgets are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). Annual appropriations are adopted for the general, special revenue, debt service, capital projects, enterprise, and pension trust funds. All annual appropriations lapse at fiscal year-end.

The modified accrual basis is used for the general, special revenue, debt service, and capital projects funds and the accrual basis of accounting is utilized for the enterprise and pension trust funds.

### ***Budget Process***

The governing body of each municipality of the State of Illinois, coming within the provisions of this Act, shall, within or before the first quarter of each fiscal year, adopt a combined annual budget and appropriation ordinance, by which ordinance the governing body may appropriate such sum or sums of money as may be deemed necessary to defray all necessary expenses and liabilities of such municipality, and in such annual budget and appropriation ordinance shall specify the objects and purposes for which such appropriations are made, and the amount appropriated for each object or purpose. The municipality may pass a continuing annual budget ordinance. The municipality may expend funds during the first quarter of the fiscal year before the municipality has adopted the combined annual budget and appropriation ordinance.

The Village of Antioch is governed by the Municipal Budget Appropriation Act defined under in the Illinois Compiled Statutes. The budget estimates for both revenues and expenditures/expenses for the fiscal year provide the level of control at the fund level and provide the spending limits for the fiscal year set by the Operating Budget. Expenditures are not to exceed the legal level set by the Appropriation Ordinance.

All departments of the Village submit requests for budgets to the Village Administrator so that a budget may be prepared. The budget is prepared by function and activity, and includes information on the past year, current year estimates, and requested appropriations for the next fiscal year.

The proposed budget is presented to the Mayor and Board of Trustees for review. The Mayor and Board of Trustees hold public hearings and may add to, subtract from, or change budgeted amounts, but may not change the form of the budget. The Administrator is authorized to transfer budgeted amounts between departments within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the Mayor and Board of Trustees. Expenditures may not legally exceed budgeted appropriations at the fund level. Furthermore, traditionally no budgetary amendments are made during the year.

## *Fund Descriptions*

---

### *Fund Types*

The Village of Antioch, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. All Village funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental fund financial statements focus on near term inflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Village's near-term financing requirements.

The Village maintains one type of proprietary fund, an enterprise fund. Enterprise funds are used to report business type activities in financial statements. The waterworks and sewerage fund is a major proprietary fund.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Examples are the Police Pension Fund, Developers' Escrow Fund, and Special Service Area funds.

The Village maintains a cash and investment pool that is available for use by all funds except the pension trust fund. Investments are separately held by several of the Village's funds.

Financial statements for these funds are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations).

### *General Operating Fund*

**Fund 100 - General Operating** accounts for all financial resources that are not restricted to their use or required to be accounted for in another fund. These resources include property taxes, income taxes, sales and use tax, business license fees, building permits, interest on investments, fines and forfeitures, charges for services, and other miscellaneous revenues. General Operating Fund resources are used to finance the general governmental operations of the Village.

**Fund 101 - Depot Parking** accounts for revenue and expenditures related to the train depot commuter parking lot.

**Fund 129 - Public Safety** accounts for DUI and Prisoner Review Agency funds forwarded from the Circuit Court, as well as donation to the Explorers and Canine accounts.

### *Special Revenue Funds*

Special revenue funds are used to account for revenue derived from specific taxes or other earmarked revenue sources.

**Fund 229 - Drug Seizure** accounts for funds collected from drug seizures. The seized dollars are turned over to the state. The state awards a share to the Village for the purchase of equipment utilized for drug enforcement purposes.

**Fund 247- Motor Fuel Tax (MFT)** accounts for the operation of street maintenance programs and capital projects as authorized by the Illinois Department of Transportation.

**Fund 272 - Tax Increment Financing (TIF) – Route 83** accounts for costs associated with economic development activities of the “Boylan” TIF District. Financing is provided primarily from the growth in property tax revenues --- the tax increment.

**Fund 279 - Tax Increment Financing (TIF) – Corporate Center** accounts for costs associated with economic development activities of the “IDI” TIF district. Financing is provided primarily from the growth in property tax revenues --- the tax increment.

**Fund 282 - East Business District** accounts for a 1% retail and service occupation tax.

**Fund 284 - Central Business District** accounts for a 1% retail and service occupation tax.

### *Capital Projects Funds*

**Fund 300 - Capital Projects** is used to account for capital projects, capital improvements and equipment not accounted for in other funds. The projects include, but are not limited to, improvements to public buildings, the paving of Village streets and the improvement and development of recreation facilities.

**Fund 350 - American Rescue Plan Act (ARPA)** funds are from the federal stimulus bill used to aid public health and economic recovery from the COVID-19 pandemic.

**Fund 361 - Park Acquisition** is used to account for the collection and use of park impact fees assessed to new developments within the Village boundaries.

### *Debt Service Fund*

**Fund 400 - General Obligation Debt** accounts for the principal and interest payments on the Village's general long-term debt obligations.

### *Enterprise Fund*

**Fund 800 - Waterworks and Sewerage** is used to account for the provision of water services and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation and maintenance, financing and related debt service and billing and collection.

### *Trust & Agency Funds*

#### **Pension Trust Funds**

**Fund 900 - Police Pension** is used to account for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan. Financing is provided by employee contributions, the Village's contribution, and investment income.

#### **Agency Funds**

**Fund 924 - Escrow Deposit** is used to account for the collection and use of the escrow activity.

**Fund 953 - Special Service Areas #1 & 2** account for the collection of property taxes within Special Service Areas #1 & 2 and payments of related special service area debt.

**DEFINITIONS : Village of Antioch 10 Major Sources of Revenues**

**1. PROPERTY TAXES :**

The Village of Antioch levies property taxes to help fund expenses in the following areas: mandatory police pension contribution, IMRF pension, liability and worker's compensation (tort), social security, and general purposes/corporate.

Lake County mails invoices in June/July and September/October to all property owners. The Village sets the amount of property taxes levied in December for the preceding year.

**2. CHARGES FOR SERVICES:**

Water and Sewer utility charges accounted for water and sewer services provided as well as the retail sale of water. Users are billed based on water consumption for both water and sewer services.

**3. STATE SALES TAX:**

The State of Illinois imposes a 6.25% sales tax, 1% of which is distributed to municipalities on a point-of-sale basis. Businesses remit collected sales taxes to the State either on a monthly or quarterly basis depending on the amount of sales a business generates.

#### **4. STATE INCOME TAX:**

The State of Illinois collects personal and corporate income tax and places a portion of those receipts into a fund called the Local Government Distributive Fund (LGDF). The State then remits a portion to municipalities on a per-capita basis.

#### **5. GRANTS:**

In Fiscal Years 2022 and 2023, the Village of Antioch received \$1,928,999 from American Rescue Plan Act funding. Funds will be expended in Fiscal Year 2024.

#### **6. STATE USE TAX:**

The State of Illinois imposes a tax on any item of tangible property that is purchased anywhere at retail and used in Illinois. The State's use tax rate is 6.25% on purchases of general merchandise while qualifying food, drugs and medical appliances are taxed at 1%. The user of the tangible property pays the tax to vendors who make the retail sale or sometimes directly to the State. For tangible property that is titled or registered directly to the Village, the Village receives a distribution from the state for 16% of the collected tax. For all other use tax collected, the State disburses to municipalities on a per-capita basis.

#### **7. STATE VIDEO GAMING TAX:**

The State receives 29% of the Net Terminal Income (NTI) generated from each licensed Video Gaming Tax (VGT) (of that, 5% goes to the local municipality). Of the remaining 66% of NTI, a company called Light & Wonder receives 0.8513% as compensation for maintaining the Central Communications System [CCS], which all VGTs connect to.

The Village licenses video gaming establishments and devices (terminals) within the Village's limits. The State collects a video gaming tax based on the Net Terminal Income of each device and remits a portion to the local municipality. The municipality receives a 5% tax on the Net Terminal Income of each device.

#### **8. STATE MOTOR FUEL TAXES:**

The State of Illinois imposes a motor fuel tax of 19 cents per gallon of fuel sold. This is in addition to the State's Transportation Renewal Fund tax collected per gallon. Retailers remit the collected motor fuel tax to the State, which in turn distributes 54.4% of the taxes to municipalities on a per-capita basis.

The remaining portion is maintained by the State.

- 54.4% shall be distributed by the Department of Transportation as follows:
  - 49.10% to the municipalities apportioned in proportion as follows:
  - 16.74% to the counties having a population 1,000,000 or more (Cook County);
  - 18.27% to counties having a population less than 1,000,000 apportioned in proportion to motor vehicle license fees collected;

- 15.89% to the road districts/townships – apportioned to each in proportion to the total mileage of roads in the State.

#### **9. TAX INCREMENT FINANCING (TIF):**

Tax Increment Financing (TIF) is a program that allocates future increases in property taxes from a designated area, or TIF district, to pay for improvements within that area. The increment in property tax revenue expected from the Village's TIFs reflects an increase over the prior year due to a rise in the overall property EAV within the TIF.

#### **10. STATE TRANSPORTATION RENEWAL FUND TAX**

The State of Illinois imposes an additional motor fuel tax per gallon of fuel sold and it is accounted for by the State in the Transportation Renewal Fund. The per gallon tax started at 19 cents effective July 1, 2019, and the current CPI adjustment is suspended. Approximately 16% of this total collected tax by the State is distributed to municipalities while the remaining amounts go toward State, Counties and Townships

The Motor Fuel Tax (MFT) law was amended via legislation effective July 1, 2019 (SB1939):

- Created the Transportation Renewal Fund (TRF) as a part of the REBUILD ILLINOIS capital plan for the increase
- Increased the MFT and diesel differential
- Initiated future indexing of full MFT rate to Consumer Price Index (CPI)
- As a result of SB1939, Local Public Agencies (LPA)s will receive two allotments each month, one from the Motor Fuel Tax Fund and the other from the Transportation Renewal Fund
- Both allotments shall be administered in accordance with MFT standards, policies, and procedures
- Although LPAs will receive two separate distributions, the distributions should be combined in their MFT account for accounting purposes Highway Commissioner Voluntary

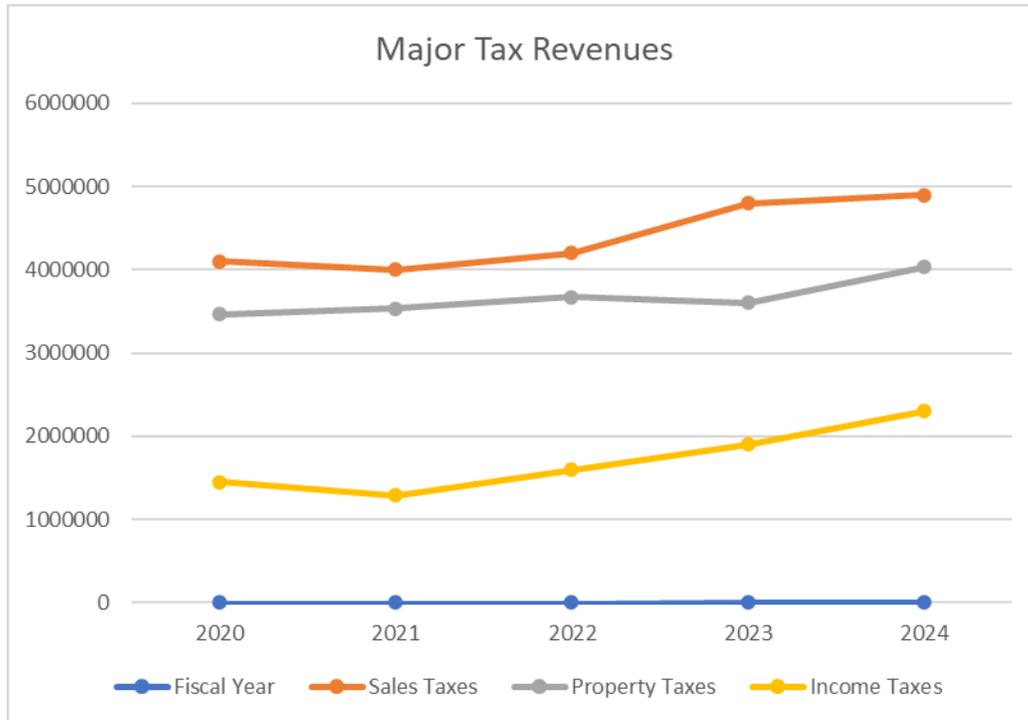

## Major Revenue Sources - Operating Fund

Total Operating Fund revenues are projected at \$17.9 million. Taxes represent about 76% of all revenues. Licenses, permits, and user fees generate 24% of additional revenue. The chart below shows the type and amounts collected for each type of tax.

**Major Tax Revenues**

The Village’s major revenues are sales, property and income taxes which represent 62.5% of the total operating fund revenue. The chart below shows how these taxes have performed over the last 6 years.

**Sales Taxes** represent 27.3% of total revenues. Antioch’s steady sales tax revenue position is attributed to a good local economy and the new commercial construction on Route 173. The chart depicts monthly sales tax trends for the last 6 fiscal years. The increase is attributed to development along the Route 173 commercial corridor. It is expected that the sales tax will increase with additional planned development in the coming years.

**Property Taxes** are the second major source of revenue for the Village and represent 22.4% of General Operating Fund revenue. Taxes have increased modestly over the last 6 years.

**Income Taxes**, the third highest revenue source for the Village, are state shared taxes that are distributed on a per capita basis and are based on the average income statewide. As a non-home rule community, the Village cannot impose a local income tax and so depends solely on state shared

income tax. Revenues are projected at \$2.3 million and represent 12.8% of total revenues. Taxes have remained relatively flat over the last 6 years with a notable recent rise.

Antioch property owners pay property taxes to multiple entities including the Village of Antioch. The Equalized Assessed Valuation (EAV) is used as the basis for levying property taxes. Property tax rates are a function of the equalized assessed valuation (EAV) of properties assessed by Lake County. The allowance for uncollectible taxes has been stated at 1% of the tax levy to reflect actual collection experience.

### Property Tax Sample Breakdown

Property taxes are levied by several taxing bodies in Lake County. To the left is a sample tax bill based on a home with a fair market value of \$200,000. In this sample tax bill, taxes owed are \$7,495.06. A taxpayer’s contribution to the Village for Police protection; parks, pool, and street maintenance; snow plowing; and operating costs to mention a few is \$635.50 or \$51.70 per month. Property Taxes are levied for specific purposes and can only be used for that specific purpose.

*Water & Sewer*

The Village maintains one major enterprise fund, the Waterworks and Sewerage Fund, which is used to account for the provision of potable water and wastewater treatment services. Water and sewer fees are used for operating costs, maintenance, capital, and debt service. Fees generate approximately \$4.3 million which is adequate for operational expenses and debt service of \$4.2 million. However, the amount is inadequate for the long-term maintenance of the water and sewer systems. The fund’s financial position has improved over the last few years with the passage of new rates in 2013. A detailed study of long-term is needed to determine long-term needs.

Typically, on average, 97% of Water and Sewer Revenue is collected from user fees. Water meter sales, permits, connection and inspection fees account for the remaining 3%. However, this Fiscal Year reflects a change in the average due to a reimbursement for repair expenses of \$800,000. With residential and commercial construction in progress, Water and Sewer revenue is expected to continually increase.

## Major Operating Funds

Maintaining excellent service to its residents is the priority of the Board of Trustees, management, and employees of the Village of Antioch. Like many other local municipalities, the national economic environment impacts a local community. The two major operating funds are the General Operating and Water and Sewer funds.

**General Operating** fund expenditures (net of transfers) budgeted for 2024 are 4% less than actual 2023 expenditures.

## Personnel Costs

FY2024 personnel costs are budgeted with a 3% Cost of Living Adjustment (COLA) and union personnel costs per contract. The Village intends to implement vacation buy back so the amounts have been included in the budget.

The personnel budget also includes the salary cost of three full-time positions: Community Service Officer, Business Development Coordinator and, an Assistant Village Administrator. All personnel benefits have been included as well.

Personnel costs in prior years are impacted by several factors including retirements, resignations, correcting salary inequities, or employees who have taken leave without pay.

# Parks & Recreation

The Parks Department administers and supervises six main areas: Parks Administration, Pool, Park Programs, Camp Crayon Preschool, Summer Day Camp, and Special Events.

- The Parks Administration responsibilities include developing and maintaining all Village parks and creating a yearly Park Improvement Plan.
- Pool includes maintaining, staffing, training, and operating the pool during the summer months.
- Park Programs includes developing and running park classes, creating two park brochures per year (spring/summer and fall/winter brochures) which include all park programs, parades, and events for that season; and staffing, supervising, and administering the specialty camps and various other in-house and contractual programs.
- Camp Crayon includes maintaining, staffing, training, and operating the preschool program from August to May annually.
- Summer Day Camp includes maintaining, staffing, training, and operating the summer day camp program from May-August annually.
- Special Events includes the development and execution of activities both on a community wide scale like the 4<sup>th</sup> of July, the It's Thursday Concert Series, Treat the Streets, and the Monster Mash bash and many more. Other notable events include the Wine Walks, Miss Antioch Pageant, and North Pole Express.

## *Parks Administration*

The parks administration budget is the location of many of the expenditures for park maintenance, as well as the salaries of the Director and administrative assistants in the department. The parks administration budget covers all the physical parks and facilities minus the aqua center and the Williams E. Brook Entertainment Center.

### *FY2023 Performance*

- ✓ Create a Parks Master Plan for future projects
- ✓ Work on beautifying parks
- ✓ Streamline playground equipment replacement program
- ✓ Streamline facility usage and rental agreements

### *FY2024 Goals & Objectives*

#### **To Continue to Provide Recreational Programs Based on the Needs of the Community**

- Modify Park Ordinance
- Implement Parks Master Plan improvements
- Find the future direction of recreation facilities

## *Pool*

---

The Antioch Aqua Center was built in 2013 to replace a pool facility that was built in the 1950's. The center features a capacity of 500 bathers at any given time as well as a seasonal staff that totals 38 including management. The aqua center operates from Memorial Day to Labor Day annually. The center is also home to the local swim team the Antioch Waves who share the facility each morning from 6-10 AM for practice and is home to 3-4 meets annually that start at 4 PM.

### *FY2023 Performance*

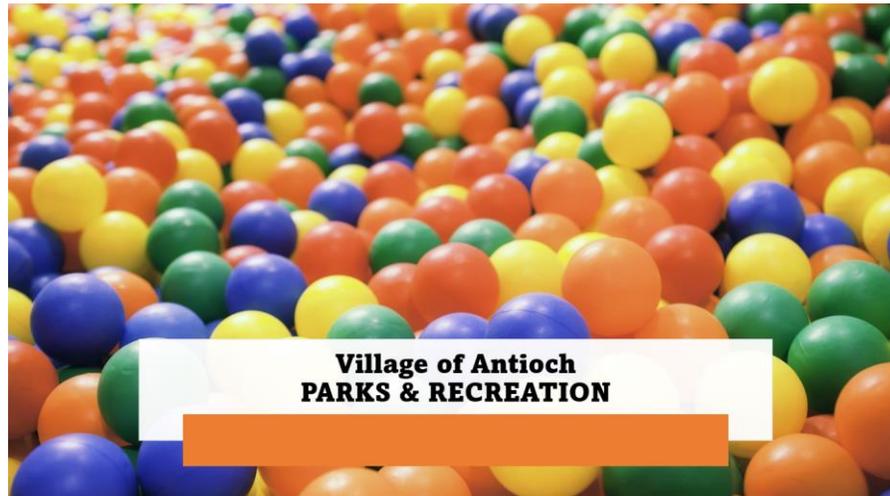

- ✓ Improved pool revenues
- ✓ Created an assessment for pool equipment and operations

### *FY2024 Goals & Objectives*

- Improve the cashier station with an outdoor kiosk
- Create more aquatic family events
- Additional time slots for swimming lessons

## *Parks Programs*

---

The Parks Programs budget is the location for our contractual and smaller in-house programs. The parks department hires some outside contractors but will now be introducing new in-house programs as well as consolidating with outside organizations for future programming. The department also has many in-house programs like spring break camp, winter break camp, preschool and more, that are completely organized and executed using parks employees throughout the year as well.

The park's programs budget is also the location of the two annual program guides that are distributed to the community. These guides are mailed to all homes and businesses in the 60002-area code which totals to slightly more than 11,000 pieces.

### ***FY2023 Performance***

- ✓ Change the format and look of the program guide to keep customers interested
- ✓ Continue to explore ways to "Go Green" in the Parks Department

### ***FY2024 Goals & Objectives***

- Re-develop relationship with District 34 for facility usage
- Expand programming at Community Senior Center
- Add active adult programming

## *Camp Crayon*

---

Camp Crayon is the village's preschool which provides day-care services. Each year approximately 80 families register to take this September through May program to start their kids down the path of education. The program offers a 2.5- to 3.5-year-old program, 3-year-old program, and 4-year-old program which are highly successful. The staff meets with district 34 annually to ensure the program continues to meet the needs and requirements preschoolers should take with them to kindergarten.

### *FY2023 Performance*

- ✓ Replace and add new additional equipment and materials for classrooms
- ✓ Add additional Parent Tot classes
- ✓ Expanded the Terrific Two's Program

### *FY2024 Goals & Objectives*

- ✓ Streamline payment plans
- ✓ Installation of internet for purchase of security monitoring

## *Summer Day Camp*

Summer Day Camp is the largest revenue generating program that the parks department currently runs. The camp runs from early June through mid-August annually and has an average daily attendance of 125 kids. Total use of the camp by residents and non-residents alike is approximately 200 kids. The camp takes four to five field trips off campus annually and has similar on-campus field trips. The camp utilizes the aqua center daily as well as many of the parks throughout Antioch.

### *FY2023 Performance*

- ✓ Increase Kiddie Kamp numbers
- ✓ Locate a new home for one of the camps
- ✓ Continued discussions with district 34 on use of buses for field trips

### *FY2023 Goals & Objectives*

- ✓ Continue to provide recreational programs based on needs

## *Special Events*

The special events budget is the place to locate the expenses related to the many events that are conducted throughout the year. Events like the 4<sup>th</sup> of July, Thursday Concerts, North Pole Express and the wine walks. Expenses are also related to the Williams E. Brook Entertainment Center (The bandshell).

### *FY2023 Performance*

- ✓ Add New Events through coordination with surrounding community & organizations
- ✓ Improve awareness through more event signage in strategic locations
- ✓ Analyze and change-up signature events where applicable
- ✓ Secure at least four farmers/bakers to our market

### *FY2024 Goals & Objectives*

- Bring Polar Express event back
- Add more activities to the 4<sup>th</sup> of July afternoon event

## *Tim Osmond Sport Complex*

The Tim Osmond Sport Complex is the joint venture between the township and the village to provide a large-scale complex to house fields for many community activities. The complex houses a disc golf course, two football fields, baseball field, softball field, soccer field, practice fields, concession stand, bathrooms, pavilion, and a playground. The complex originally slated for four phases has only seen completion of two phases. Due to settlement issues and flooding issues phase 3 & 4 will most likely be replaced with practice area for activities to help lessen the stress on game fields.

### *FY 2023 Performance*

- ✓ Continue to work with Antioch Township on future projects
- ✓ Improve Practice Fields

### *FY 2024 Goals & Objectives*

- Continue to work with Antioch Township on future park projects
- Create programs for disk golf course

## Police Department

*Chief Geoffrey Guttschow*

# Antioch Police Department 2022 Annual Report

*It is the mission of the Antioch Police Department to protect and partner with the community through leadership, fairness, and integrity. We remain committed to exemplary service in a manner that maintains the trust and confidence of the public, we are sworn to serve.*

### PRIDE IN SERVICE

### **Department Overview**

The Antioch Police Department provides public safety services to the village's residents, visitors, schools, and businesses. The department's authorized staffing level is thirty-seven employees consisting of thirty-one full-time police officers, three full-time records/administrative support staff members, and three part-time community service officers.

The Police Department is responsible for all law enforcement services within the village, and its duties include investigating all crimes and enforcing state statutes and village ordinances. Like most law enforcement agencies in Illinois, the department faced many staffing challenges over the last year. As a result of an aggressive recruiting campaign, the department hired six new officers to maintain adequate staffing levels within the department's patrol, criminal investigations, and administrative divisions.

Even as the nation continues to emerge from a historical global pandemic, we continue to be successful in achieving our organizational goals and team objectives. After several years of focusing on maintaining a healthy workforce during our battle against COVID-19, our team was excited to refocus on re-engaging our community in partnership with our primary goal of keeping Antioch a safe and enjoyable place to live, work, and play.

## Calendar Year 2022 Performance/Objectives Completed

---

- Continuation of policy updates and new policy implementation to meet the requirements outlined in the SAFE-T Act. This sweeping legislative reform forced law enforcement agencies to rethink how it trains officers, which required extensive policy changes, increased mandatory unfunded training mandates, and expanded state and federal reporting requirements.
- Proposed and implemented updates to local ordinances to address community concerns.
- We transitioned from the Uniform Reporting System (UCR) to the National Incident-Based Reporting System (NIBRS). The department obtained certification with federal mandates for reporting of Use of Force and incidents involving mental health crises.
- We expanded our internal focus on employee wellness.
- We are expanding upon community engagement through social media to better connect with our community. Our public engagement focused on transparency and keeping our community aware of what is happening in their village. These efforts included highlighting positive stories and providing timely and accurate communication about issues of resident concern. The department's Facebook page currently has over 10,000 followers.
- Continuation of the Offender Watch Program. Offender Watch is the nation's leading registered sex offender management and community notification tool. This platform enables law enforcement agencies to share information about registered offenders' whereabouts, conduct, and compliance status.
- The department became a model for other communities through its opioid awareness initiative. This included hosting community educational events, sharing current opioid trends in our community, and being the first agency in Lake County to partner with NICASA Behavioral Services to deploy trained interventionists into the community to provide resources and Narcan training to anyone interested.
- We hosted the Illinois Attorney General's Office, the Lake County State's Attorney Office, and over one hundred members of local law enforcement for an educational event covering the Firearms Restraining Order and Illinois "Red Flag" law.
- Participated in Cop on a Rooftop and Torch Run events for Special Olympics. Our team raised \$18,478.10 for the Illinois Special Olympics.
- Continued partnership with the community prescription medication disposal program, with 485 pounds of medication properly disposed of.

## **Department Leadership**

### **Executive Management**

#### **OFFICE OF THE CHIEF OF POLICE**

The Office of the Chief of Police oversees all police department operations. It provides leadership, direction, and vision to the members of the Antioch Police Department in the fulfillment of its overall mission. This office is responsible for department management, maintenance of professional standards, and administration of the police department budget.

#### **Chief of Police**

Geoffrey Guttschow is the Chief of Police and has proudly served the Antioch community for 24 years. Chief Guttschow holds the highest position within the police department. The Chief is responsible for controlling, operating, and representing the Antioch Police Department and its employees. The Chief supervises department activities, formulates, and enforces department rules of conduct, approves the policy, coordinates with outside agencies, prepares and presents the department budget, makes hiring and promotional recommendations, and recommends commendation and discipline. The Chief also sets department goals and objectives in alignment with the village's strategic plan.

#### **Deputy Chief of Police**

Norman Johnson is the Deputy Chief of Police and has proudly served the Antioch community for 22 years. The Deputy Chief of Police is an executive command-level position and is second-in-command in the department. The Deputy Chief is responsible for various tasks, including oversight of the Operations and Administrative Divisions within the department. Deputy Chief Johnson assists the Chief of Policy by ensuring department compliance with federal and state mandates; he oversees internal department affairs and is responsible for ensuring the budget produced by the Chief is managed responsibly. The Deputy Chief plays an integral role in budget preparation. The Deputy Chief reports directly to the Chief of Police.

## **Department Divisions**

### **Administrative / Support Services Division**

The Commander of Administration oversees traffic programs, special event planning, and crime prevention programs. The Commander directs, develops, and administers programs for compliance and enforcement with accident prevention, accident reconstruction, officer field training, property and evidence management, and alcohol and tobacco licensing. The Commander oversees the Community Service Officers and the Police Records Department and acts as the department liaison to the Communications Center and IT. The Administrative Services Commander reports to the Deputy Chief of Police.

### ***Records Section***

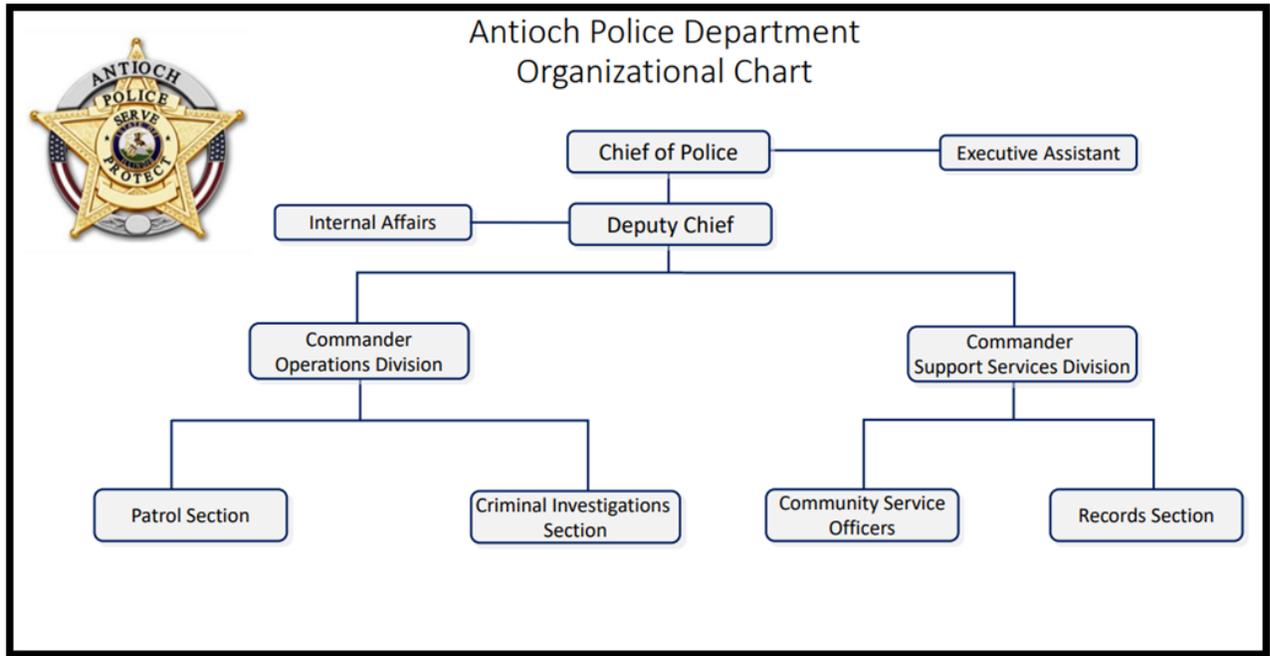

The Records Section is responsible for accurately reporting and archiving all reports of criminal, non-criminal, and traffic activity managed by the Antioch Police Department. Official police reports and documents, ranging from parking citations to crash and arrest reports, are processed daily, and archived by the records department.

The Records Section is also responsible for annual records disposal, compiling monthly reports, processing Freedom of Information Requests, conducting record expungements, responding to Illinois State Police audits, and ensuring records management quality controls. The Records Director manages the records section and reports to the Administrative Services Commander.

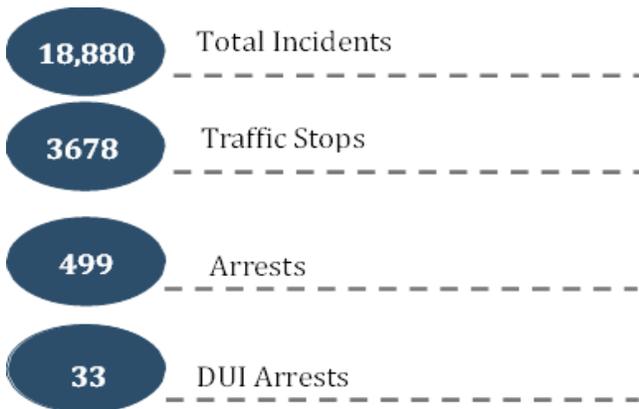

### **Operations Division**

The Commander of Operations is responsible for the management of the patrol and criminal investigation sections. The Commander oversees employee scheduling, report approvals, and employee training. The Commander serves as the department's Public Information Officer and ensures the department communicates information to the community in alignment with the Chief's public transparency and accountability philosophy. The Operations Division Commander reports to the Deputy Chief of Police.

## 101-DEPOT PARKING FUND

The **Depot Parking Fund** is used to account for revenue and expenditures related to the train depot commuter parking lot.

Metra's new commuter rail line made its inaugural run in August of 1996. Commuters now enjoy the service of five weekday inbound and outbound trains between Antioch and Chicago's Union Station. The train makes stops in ten communities, as well as a stop at O'Hare International Airport, Remote Parking Lot F. The total length of the train's run is 53 miles. To supplement Metra's train service, Pace provides bus service between communities for passengers who wish to pick up the Metra line at another station.

## *800-WATER & SEWER FUND*

The **Waterworks and Sewerage Fund** is used to account for the provision of water services and wastewater treatment services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation and maintenance, financing and related debt service and billing and collection.

### Water

- Responsible for operating and maintaining the water distribution and pumping system
- Over 4,500 accounts
- 7 shallow and 2 deep wells
- 4 elevated storage tanks and 1 ground storage tank holding over 2 million gallons of fresh water
- 3 booster stations that pressurize certain zones of the system
- 76 miles of water main and 1,103 hydrants
- The unit trouble shoots and responds to breaks and failures with the assistance of Streets, Parks/Grounds and Vehicle/Building personnel

**Sewer**

- Responsible for operating and maintaining the Village's sanitary sewage collection system 67 miles of mains and force mains 1,637 manholes, and 21 lift stations
- The unit trouble shoots and responds to maintenance, backups and failures
- Sanitary sewage treatment is provided by the Village owned and operated Wastewater Treatment facility

**Wastewater**

- 3 employees
- Multi-functional
- Incorporates supervision of the wastewater treatment plant, and industrial pretreatment program

**Industrial Pre-Treatment**

- Monitors Pickard China, Transcend Corporation and Nu-Way Speaker Products
- Reports to the Illinois Environmental Protection Agency

**Major Concerns**

- Sewer system at capacity
- The existing sewer system effected by groundwater infiltration
- The division has initiated an Infiltration/Inflow analysis
- The lift stations are slowly becoming outdated and need major improvements.
