

Village seeks approval to lower electric bills for residents and small businesses

On March 20, 2012, residents will have an opportunity to vote in favor of electricity aggregation - a bulk-buying practice that increases buying power and could lead to rates that are 20% - 30% lower than ComEd's current price.

Do you have questions that you would like answered before you vote on Tuesday, March 20th?

Stop by and meet with representatives from *Committee in Support of Opt-Out Aggregation* who are hosting an Open House Informational meeting on Wednesday, March 14, 2012.

Representatives will give a brief a 30-minute presentation at both 4PM & 6PM and would be happy to answer any questions you may have following their presentation.

**What: Open House Informational Meeting
 Regarding Electricity Aggregation**
