EXTRACT OF MINUTES of a regular public meeting of the President and Board of Trustees of the Village of Antioch, Lake County, Illinois, held at the Village Hall, located at 874 Main Street, Antioch, Illinois 60002, in said Village, at 7:00 p.m., on the 9th day of March, 2020.

The President called the meeting to order and directed the Village Clerk to call the roll.

Upon roll call, the following answered present: the President and Trustees Pierce, Macek, Yost, Dominiak, Poulos and Johnson.

The following were absent: None.

The President then gave a public recital of the nature and purpose of the ordinance, which included a reading of the title aloud and an explanation that the ordinance would impose a business district retailers' occupation tax and a business district service occupation tax in the Antioch Central Business District of the Village of Antioch, Illinois.

The ordinance in its entirety reads as follows:

ORDINANCE NO. 20-03-08

AN ORDINANCE imposing a business district retailers' occupation tax and a business district service occupation tax in the Antioch Central Business District of the Village of Antioch, Lake County, Illinois.

* * * *

WHEREAS, the Village of Antioch, Lake County, Illinois (the "**Village**") has created the Antioch Central Business District (the "**Antioch Central Business District**") and desires to impose a business district retailers' occupation tax and a business district service occupation tax pursuant to the terms of the Business District Development and Redevelopment Law of the State of Illinois, 65 ILCS 5/11-74.3-1 *et seq.*, as from time to time amended; and

WHEREAS, the Village shall file certain information set forth herein with the Illinois Department of Revenue as required by law:

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Antioch, Lake County, Illinois, as follows:

Section 1. Tax Imposed. A tax is hereby imposed upon all persons engaged in the business of selling tangible personal property, other than an item of tangible personal property titled or registered with an agency of this State's government, at retail within the boundaries of the Antioch Central Business District at the rate of 1% of the gross receipts from such sales made in the course of such business while this ordinance is in effect; and a tax is hereby imposed upon all persons engaged within the boundaries of the Antioch Central Business District in the business of making sales of service, at the rate of 1% of the selling price of all tangible personal property transferred by such serviceman as an incident to a sale of service. This "Business District Retailers' Occupation Tax" and this "Business District Service Occupation Tax" shall not be applicable to the sales of food for human consumption which is to be consumed off the premises

where it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption) and prescription and non-prescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purpose of rendering it usable by a disabled person, and insulin, urine testing materials, syringes and needles used by diabetics.

The imposition of these Business District Taxes is in accordance with the provisions of subsections (b) and (c), respectively, of Section 11-74.3-6 of the Illinois Municipal Code (65 ILCS 5/11-74.3-6).

Section 2. Illinois Department of Revenue to Administer. The taxes hereby imposed, and all civil penalties that may be assessed as an incident thereto, shall be collected and enforced by the Department of Revenue of the State of Illinois. The Department of Revenue shall have full power to administer and enforce the provisions of this ordinance.

Section 3. Village Clerk to File Ordinance with Illinois Department of Revenue. The Village Clerk is hereby directed to file a certified copy of this ordinance with the Illinois Department of Revenue on or before the first day of April, 2020.

Section 4. Effective Date. This ordinance shall take effect on the first day of July next following the adoption and filing of a certified copy of this ordinance with the Department of Revenue.

Section 5. Map, Street Location and Legal Description. A detailed map, street location and legal description of the Antioch Central Business District is set forth in Exhibit A hereof.

Section 6. Business District Plan. A copy of the Antioch Central Business District Plan is attached hereto as Exhibit B.

Section 7. Addresses. A complete list of all addresses, including street name and street number, Village and zip code for each parcel of property located in the Antioch Central Business District is attached hereto as Exhibit C.

Section 8. Filing. A certified copy of this ordinance shall be filed by the Village Clerk with the Illinois Department of Revenue.

Section 9. Repeal of Conflicting Provisions. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this ordinance are to the extent of such conflict hereby repealed.

PASSED by the Corporate Authorities on March 9, 2020.

1. Introduction

The Village of Antioch, Lake County, Illinois (the "Village") engaged SB Friedman Development Advisors ("SB Friedman") to conduct an Eligibility Study and prepare a Business District Plan for the designation of a commercial area in the Village ("Study Area") as the Antioch Central Business District (the "Business District") under the provisions of the Illinois Business District Development and Redevelopment Law (65 ILCS 5/11-74.3-1 et seq., as amended) (the "Act"). This Business District Plan (the "Plan") includes: a description of the Study Area; detailed information on the eligibility factors and other findings necessary to designate the Study Area as a business district under the Act; a description of the proposed redevelopment project; and the financial plan for the Business District.

The Village has determined that economic development, and, specifically, infrastructure improvements and redevelopment within the Study Area will reduce or remove blighting influences within the Study Area and enhance the welfare of the Village and its residents by encouraging economic growth within the Study Area.

The Study Area

The Study Area for the proposed Business District generally encompasses properties along Illinois Route 173 and Main Street. The Study Area is roughly bound by Madison Avenue to the east, 1st Street to the west, Beach Grove Road to the south, and the Illinois-Wisconsin state border to the north. The area includes the primary commercial corridors in the Village.

The proposed Business District consists of a total of 706 parcels. According to Lake County Assessor data, 58 parcels are public rights-of-way (ROW) and were therefore excluded from the eligibility analysis. Eligibility was assessed for the remaining 648 tax parcels ("non-ROW parcels") in the Study Area. The Study Area contains approximately 836.4 acres of commercial and vacant land, of which approximately 797.8 acres are improved or vacant property and 38.6 acres are rights-of-way.

The general location of the Study Area is displayed in **Map 1** on the following page, with a more detailed boundary presented in **Map 2**. The legal description of the proposed Business District and a list of PINs in the District are included in **Appendix 1** and **Appendix 2**.

2. Eligibility Factors and Other Required Findings

The Study Area suffers from deteriorated site improvements and buildings and obsolete platting, which appear to be hindering the economic potential of the Study Area. In order to enhance its economic viability, it is critical that the physical conditions of the Study Area be improved. Without required infrastructure, buildings, and development sites that meet modern business and development standards, the economic viability of the Study Area will continue to be challenged. The proposed Business District will benefit from a strategy that improves physical conditions and addresses deteriorating infrastructure, allowing for economic growth and redevelopment.

The eligibility findings presented herein cover events and conditions that were determined to support the designation of the Business District as a “blighted area” under the Act at the completion of our field research in October and December 2019, and not thereafter. SB Friedman’s findings do not consider events or conditions that may have occurred after completion of field research, including, without limitation, governmental actions and additional development.

This report summarizes the analysis and findings of the consultant’s work, which, unless otherwise noted, is solely the responsibility of SB Friedman. SB Friedman has prepared this Plan with the understanding that the Village would rely on: (1) the findings and conclusions of this Plan in proceeding with the designation of the Business District and the adoption and implementation of this Plan; and (2) the fact that SB Friedman obtained the necessary information, including, without limitation, information relating to the equalized assessed value of parcels comprising the District, so that this Plan would comply with the Act and that the Study Area could be designated a business district in compliance with the Act.

Provisions of the Illinois Business District Development and Redevelopment Act

A proposed business district in which a municipality seeks to impose taxes must meet the “blighted area” provision under the Act, in addition to satisfying several other findings and tests to qualify as a business district. These eligibility criteria are summarized below.

BLIGHTED AREA DEFINITION

A proposed business district can be considered a blighted area under the Act by the predominance of at least one of the following five factors:

- Defective, Non-Existent or Inadequate Street Layout
- Unsanitary or Unsafe Conditions
- Deterioration of Site Improvements
- Improper Subdivision or Obsolete Platting
- Existence of Conditions which Endanger Life or Property by Fire or Other Causes

In addition, the presence of the factor(s) must have one of the following four effects on the study area:

- Retard(s) the Provision of Housing Accommodations
- Constitute(s) an Economic or Social Liability
- Constitute(s) an Economic Underutilization of the Area
- Constitute(s) a Menace to the Public Health, Safety, Morals or Welfare

OTHER REQUIRED FINDINGS AND TESTS

In addition to the blighted requirement for areas in which taxes will be imposed, the Act specifies four separate findings and tests required for designation of a business district, including:

1. **Lack of Growth and Development through Private Investment.** The Village is required to evaluate whether or not the proposed business district has been subject to growth and private investment and must substantiate a finding of lack of such investment prior to establishing a business district.
2. **“But For” the Business District, Study Area Would Not Be Redeveloped.** The Village must find that the proposed business district would not reasonably be anticipated to be redeveloped without the adoption of the business district.
3. **Contiguity of Parcels.** The boundaries of the proposed business district must contain contiguous parcels that are directly and substantially benefited by the proposed Plan.
4. **Conformance to the Plans of the Village.** The proposed Plan must conform to the comprehensive plan of the Village.

Methodology Overview

SB Friedman conducted the following analyses to determine whether the Study Area qualifies as a blighted area, as defined by the Act:

- Parcel-by-parcel fieldwork documenting external property conditions of commercial properties and infrastructure;
- Analysis of historic trends in equalized assessed value for the last six years (five year -to-year periods) for which data are available and final (2013-2018) from the Lake County Assessor's Office;
- Review of building permit records (November 2013-August 2019);
- Review of GIS parcel shapefile data from Lake County; and
- Review of the Village's current comprehensive plan (2019).

All properties were examined for qualification factors consistent with the blighted area requirements of the Act. Based upon these criteria, SB Friedman concluded that the properties within the Study Area exhibit the necessary eligibility factors to qualify for business district designation.

To arrive at this designation, SB Friedman calculated the number of eligibility factors present on a parcel-by-parcel basis, and analyzed the spatial distribution of the eligibility factors. When appropriate, the presence of eligibility factors was calculated on adjacent infrastructure and ancillary properties associated with the structures. The eligibility factors were correlated to tax parcels and buildings using aerial photographs, property files created from field observations, and record searches. The information was then graphically plotted on a

parcel map of the Study Area to establish the distribution of eligibility factors, and to determine which factors were present to a meaningful extent and reasonably distributed throughout the Study Area.

Eligibility Findings

BLIGHTED AREA FINDING

Our research indicates the Study Area would qualify as a blighted area due to the predominance of the following two factors:

1. Deterioration of Site Improvements
2. Improper Subdivision and Obsolete Platting

Maps 3 and 4 displays the spatial distribution of these factors throughout the Study Area.

DETERIORATION OF SITE IMPROVEMENTS

Of the 648 non-ROW parcels in the Study Area, physical deterioration of surface improvements and/or buildings was observed on 542 parcels (83.6%). The most common form of deterioration was on surface improvements, especially parking surfaces. Catalogued surface improvement deterioration included cracking and alligating in asphalt and concrete. Catalogued building deterioration included water-damage and cracking brick walls. Deterioration of buildings and surface improvements can make it appear as though the Study Area lacks investment and can make it more difficult to attract new businesses or consumers. This factor was found to be meaningfully present and reasonably distributed throughout the Study Area.

IMPROPER SUBDIVISION AND OBSOLETE PLATTING

Within the Study Area, approximately 45% of non-ROW parcels are characterized by improper subdivision or obsolete platting. The existing platting does not meet current standards or the needs of the contemporary commercial users, making the area difficult to redevelop on a planned basis. The characteristics of the area are described further below:

- Several parcels throughout the Study Area are irregularly sized or shapes, making them difficult to fully develop on a planned basis.
- The platting in some parts of the Study Area failed to create rights-of-way for streets adjacent to parcels, leaving several parcels without access to rights-of-way.

This factor was found to be meaningfully present and reasonably distributed throughout the Study Area

Findings Regarding Effect of Blighting Factors on Study Area

It appears the blighting factors have the following effect on the Study Area:

1. Constitutes an Economic Underutilization of the Area

ECONOMIC UNDERUTILIZATION OF THE AREA

An evaluation of change in property values over time is one of the clearest indicators of whether an area is meeting its economic potential. SB Friedman analyzed change in the equalized assessed value (EAV) – property values as determined by the Lake County Assessor – of the properties in the Study Area from 2013 to 2018 in comparison to the remainder of the Village.

The Study Area has grown more slowly or declined more quickly than the balance of the Village in four of the past five periods. While the compound annual growth rate ("CAGR") of the EAV for the balance of the Village was approximately 1.9% from 2013 to 2018, the CAGR of EAV in the Study Area was only approximately 0.2%. These results are shown in **Table 1** below.

Table 1: EAV of Study Area and Village from 2013 - 2018

Year	2013	2014	2015	2016	2017	2018	CAGR
Village	\$316.1 M	\$306.4 M	\$303.8 M	\$314.7 M	\$325.6 M	\$343.4 M	1.7%

Sources: Lake County Assessor, SB Friedman

The minimal increase in property values within the Study Area since 2013 suggests that deterioration and obsolete platting may be affecting the economic potential of the area, reducing its commercial appeal to both businesses and consumers. Despite including substantial areas of the primary commercial corridors in the Village, the Study Area's property values have grown substantially more slowly from 2013 to 2018 than the remainder of the Village. Existing physical conditions, including deterioration and obsolete platting, appear to be hindering the ability of the Study Area to attract sufficient investment and development to attain property value growth on par with the remainder of the Village, and therefore, constitutes an economic underutilization of the area.

Other Required Findings and Tests

In addition to finding of blight, the Act specifies four separate required findings and tests for designation. Our research, as described below, indicates that the Study Area will satisfy these requirements.

LACK OF GROWTH AND DEVELOPMENT THROUGH PRIVATE INVESTMENT

The Village is required to evaluate whether the Study Area has been subject to growth and private investment and must substantiate a finding of lack of such investment prior to establishing a business district. As described above and shown in **Table 1**, the EAV of the properties in the Study Area has grown more slowly or declined more quickly than the balance of the Village (four of five periods). Annual growth in property value within the Study Area has been substantially lower than the remainder of the Village from 2013 to 2018. These metrics indicate a lack of growth and private investment in the Study Area.

A second key indicator of private investment is construction-related permit activity. According to Village data for November 2013 to August 2019, there were only five new commercial buildings constructed within the Study Area, totaling approximately \$4.3 million in estimated value. The largest new construction project, Tractor Supply Company, has an estimated construction value of \$2.3 million, but received public financial support and would not have likely occurred without public assistance. The remaining four new construction projects were smaller in scale and include two industrial buildings in Eagle Creek Business Park, Antioch Automotive and Fire Guys Tinting. In addition to new construction, Antioch Chrysler received a permit for an expansion project.

While there has been some limited new construction and expansion within the Study Area over the past six years, the private market has been unable to support substantial new commercial development without public assistance. Furthermore, despite some additional renovation and maintenance, overall EAV has grown at a rate less than the balance of the Village over the six-year period. Therefore, the Study Area overall has exhibited a lack of growth and private investment.

"BUT FOR" BUSINESS DISTRICT, STUDY AREA WOULD NOT BE REDEVELOPED

The Village is required to find that, but for the designation of the Business District, it is unlikely that significant investment would occur in the Study Area.

Without the support of public resources, the redevelopment objectives for the Study Area would most likely not be realized. The area-wide improvements and development assistance resources needed to upgrade existing infrastructure, provide infrastructure to undeveloped properties, consolidate or subdivide parcels for redevelopment, rehabilitate commercial buildings, and support new development and redevelopment are extensive and costly, and the private market, on its own, has shown little ability to absorb all such costs. The Village has limited capacity to fund capital improvements of the sort that appear necessary to remove blighting factors.

Given the overall decline in property value, limited new private investment without public assistance, obsolete platting, and existing surface and building deterioration, it appears unlikely that significant private investment would occur in the Study Area without creation of the Business District. Accordingly, but for the designation of the Business District, projects which would contribute substantially to area-wide redevelopment and economic growth are unlikely to occur.

CONTIGUITY OF PARCELS

No business district can be designated unless a plan is approved prior to the designation of the district; and the district can only include those contiguous parcels that are to be directly and substantially benefited by the Plan.

All parcels in the Study Area are contiguous and are expected to directly and substantially benefit from the Plan.

CONFORMANCE TO THE PLANS OF THE VILLAGE

The Plan must conform to the Village's comprehensive plan and other Village strategic plans, or include land uses that have been approved by the Village.

Based on a review of the 2019 Comprehensive Plan, the proposed Plan conforms to the Village's Comprehensive Plan.

3. Business District Redevelopment Plan and Project

Redevelopment Needs of Business District

The economic potential of the Study Area is currently hampered by deterioration of surface improvements and buildings and obsolete platting. Investment in buildings, infrastructure and improvements in roadways, parking and sidewalks in the Study Area are necessary to increase the economic viability within and adjacent to the proposed Business District. The existing conditions of the Study Area suggest four major redevelopment needs for the Business District:

1. Rehabilitation of existing buildings;
2. Infrastructure and capital improvements;
3. Resources for new commercial development; and
4. Site preparation.

This Redevelopment Plan identifies tools for the Village to support the improvement of the Study Area through provision of necessary infrastructure improvements and other public and private improvements to best serve the interests of the Village, local business owners and residents.

The public and private improvements outlined in this Redevelopment Plan will create an environment conducive to economic growth and development within the proposed Business District and the Village overall.

Goals and Objectives

The overall goal of this Redevelopment Plan is to reduce or eliminate conditions that qualify the Study Area as a blighted area under the Act and to provide the direction and mechanisms necessary to create vibrant commercial corridors that will strengthen the economic base and enhance the quality of life of the Study Area and Village as a whole.

The following five objectives support the overall goal of area-wide revitalization of the proposed Business District:

1. Enhance the Village's tax base by encouraging investment and redevelopment within the Business District;
2. Foster the construction, improvement, replacement and/or repair of public infrastructure;
3. Provide improved pedestrian and bicycle access throughout the Business District;
4. Promote the improvement of façades and signage within the Business District; and
5. Promote private investment within the Village.

Redevelopment Project

The proposed redevelopment project is intended to ameliorate blighting conditions so as to promote economic growth in the proposed Business District and the Village overall. Public and private improvements

along Illinois Route 173 and Main Street will increase the economic viability of businesses within and adjacent to the proposed Business District. The anticipated components of the redevelopment project are as follows:

- Support improvements to public and private property, including improvements to existing structures within the Study Area;
- Facilitate and encourage development of underutilized properties within the Study Area; and
- Foster the construction, improvement, replacement and/or repair of public infrastructure, including but not limited to, roadways, sidewalks, utility lines, trails and streetscaping.

The redevelopment project is expected to affect each of the properties in the proposed Business District.

Powers of the Municipality

The Act grants municipalities various powers to designate, implement and maintain a business district. In addition to the powers a municipality may now have, a municipality shall have the following powers:

- To make and enter into all contracts necessary or incidental to the implementation and furtherance of a business district plan, as more fully set forth in 65 ILCS 5/11-74.3-3(1);
- The acquisition by purchase, donation, or lease, and to own, convey, lease, mortgage, or dispose of land and other real or personal property or rights or interests within the Business District, as more fully set forth in 65 ILCS 5/11-74.3-3(2) and 65 ILCS 5/11-74.3-3(2.5);
- To clear any area within a business district by demolition or removal of any existing buildings, structures, fixtures, utilities, or improvements, and to clear and grade land;
- To install, repair, construct, reconstruct, or relocate public streets, public utilities, and other public site improvements within or without a business district which are essential to the preparation of a business district for use in accordance with a business district plan;
- To renovate, rehabilitate, reconstruct, relocate, repair, or remodel any existing buildings, structures, works, utilities, or fixtures within any business district;
- To construct public improvements, including but not limited to buildings, structures, works, utilities, or fixtures within any business district;
- To fix, charge, and collect fees, rents, and charges for the use of any building, facility, or property or any portion thereof owned or leased by the municipality within a business district;
- To pay or cause to be paid business district project costs, as more fully set forth in 65 ILCS 5/11-74.3-3(8). Such eligible project costs are defined in **Section 4** of the Plan. As per 65 ILCS 5/11-74.3-3(8.5), the Act also empowers the Village to utilize up to 1% of the revenue from a business district retailers' occupation tax and service occupation tax and/or a hotel operators' occupation tax ("porting") for business district eligible costs from another business district that is:
 - contiguous to the business district from which the revenues are received;
 - separated only by a public right of way from the business district from which the revenues are received; or
 - separated only by forest preserve property from the business district from which the revenues are received if the closest boundaries of the business districts that are separated by the forest preserve property are less than one mile apart.

- To apply for and accept grants, guarantees donations of property or labor or any other thing of value for use in connection with a business district project;
- To impose a retailers' occupation tax and a service occupation tax in the business district at a rate not to exceed 1.0% of the gross receipts from the sales made (to be imposed only in 0.25% increments) for the planning, execution, and implementation of business district plans and to pay for business district project costs as set forth in the business district plan approved by the municipality; and
- To impose a hotel operators' occupation tax in the business district at a rate not to exceed 1.0% of the gross receipts from the sales made (to be imposed only in 0.25% increments) for the planning, execution, and implementation of business district plans and to pay for the business district project costs as set forth in the business district plan approved by the municipality.

4. Financial Plan

Eligible Costs

Under the Act, eligible Business District Project Costs include all costs incurred by the municipality, other governmental entity or nongovernmental entity in the furtherance of the Plan, and may include:

- Costs of studies, surveys, development of plans and specifications, implementation and administration of a Plan, and personnel and professional service costs including architectural, engineering, legal, market, financial, planning, or other professional services, provided no charges for professional services may be based on a percentage of tax revenues received by the municipality;
- Property assembly costs, including but not limited to, acquisition of land and other real or personal property or rights or interests therein, and specifically including payments to developers or other nongovernmental persons as reimbursement for property assembly costs incurred by that developer or other nongovernmental person;
- Site preparation costs including but not limited to, clearance, demolition or removal of any existing buildings, structures, fixtures, utilities, and improvements, and clearing and grading of land;
- Costs of installation, repair, construction, reconstruction, extension, or relocation of public streets, public utilities, and other public site improvements within or without the business district which are essential to the preparation of the business district for use in accordance with the Plan, and specifically including payments to developers or other nongovernmental persons as reimbursement for site preparation costs incurred by the developer or nongovernmental person;
- Costs of renovation, rehabilitation, reconstruction, relocation, repair or remodeling of any existing buildings, improvements and fixtures within the business district, and specifically including payments to developers or other nongovernmental persons as reimbursement for costs incurred by such developer or nongovernmental person;
- Costs of installation or construction within the business district of buildings, structures, works, streets, improvements, equipment, utilities, or fixtures, and specifically including payments to developers or other nongovernmental persons as reimbursements for such costs incurred by such developer or nongovernmental person;
- Financing costs, including but not limited to all necessary and incidental expenses related to the issuance of obligations, payment of any interest on any obligations issued under the Act that accrues during the estimated period of construction of any redevelopment project for which obligations are issued and for not exceeding 36 months thereafter, and any reasonable reserves related to the issuance of those obligations; and
- Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or state law.

Anticipated Project Costs

The estimated eligible costs of this Redevelopment Plan are shown in **Table 2** below. The Total Business District Project Costs shown in **Table 2** provides an upper limit on expenditures that are to be funded using Business District revenues, exclusive of capitalized interest, issuance costs, interest, and other financing costs. Additional funding in the form of county, state and federal grants, private developer contributions, porting of funds from contiguous business districts, and other outside sources may be pursued by the Village as a means of financing improvements and facilities that are of benefit to the general community.

Table 2. Total Business District Project Costs

Eligible Cost Categories [1]	Budget
Professional Services (including analysis, administration, studies, surveys, legal, marketing, etc.)	\$600,000
Property Assembly (including acquisition, reimbursement for developer assembly costs)	\$4,230,000
Site Preparation (including clearance, demolition, clearing & grading)	\$4,230,000
Public Works or Improvements (within or without Business District, which are essential to Plan, including streets, utilities and other public site improvements)	\$18,140,000
Rehabilitation of Existing Buildings, Fixtures and Leasehold Improvements (including renovation, relocation, repair and remodeling)	\$18,140,000
Construction or Installation of Buildings, Improvements, Fixtures, Equipment or Utilities	\$12,090,000
Financing Costs (including expenses related to issuance, interest and reserves related to obligations)	\$1,810,000
Relocation Costs (to the extent municipality deems necessary)	\$1,210,000
TOTAL BUSINESS DISTRICT PROJECT COSTS [2] [3]	\$60,450,000

[1] Costs are shown in 2020 dollars and shall be adjusted from time to time to reflect changes in the cost of living, as measured by the U. S. Department of Labor's Consumer Price Index.

[2] Increases in estimated Total Business District Project Costs of more than 5%, after adjustment for inflation from the date this Redevelopment Plan is approved, are subject to the amendment procedures as provided under the Act.

[3] Adjustments may be made among line items in the budget without amendment, as provided under the Act.

Each individual Business District Project Cost will be reevaluated in light of Business District goals as it is considered for public financing under the provisions of the Act. The totals of line items set forth in **Table 2** are not intended to place a limit on the described expenditures. Adjustments may be made in line items within the total, either increasing or decreasing line item costs because of changed redevelopment costs and needs. Within the Total Business District Project Costs limit, adjustments to the estimated line item costs in **Table 2** are expected and may be made by the Village without amendment to this Plan.

The Business District Project Costs described above are intended to further the goals outlined in this Plan, and will benefit the owners and tenants of commercial businesses in the proposed Business District, as well as Village residents and patrons of local businesses.

Anticipated Sources of Funds to Pay Project Costs

As required by the Act, the Village shall establish and maintain a Business District Tax Allocation Fund ("the Fund") to which Business District revenues generated through the Business District Retailers' Occupation Tax and Business District Service Occupation Tax shall be deposited or credited. The Business District Taxes shall be administered as provided in the Act. Eligible Business District Project Costs are to be paid from these sources of revenue, as described below.

BUSINESS DISTRICT RETAILERS' OCCUPATION TAX

A Business District Retailers' Occupation Tax will be imposed upon persons engaged in the business of selling tangible personal property at retail (excluding property titled or registered with an agency of the State of Illinois government) in the District at a rate of 1.0% of the gross receipts from the sales made in the course of such business. The tax may not be imposed on food for human consumption that is to be consumed off the premises from which it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purposes of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

BUSINESS DISTRICT SERVICE OCCUPATION TAX

A Business District Service Occupation Tax will be imposed upon all persons in the District engaged in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the Business District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. This tax will be imposed at a rate of 1.0% and may not be imposed on food for human consumption that is to be consumed off the premises from which it is sold (other than alcoholic beverages, soft drinks, and food that has been prepared for immediate consumption), prescription and nonprescription medicines, drugs, medical appliances, modifications to a motor vehicle for the purposes of rendering it usable by a disabled person, and insulin, urine testing materials, syringes, and needles used by diabetics, for human use.

OTHER SOURCES OF FUNDS

Other sources of funds that may be used to pay for development costs and associated obligations issued or incurred include land disposition proceeds, state and federal grants, investment income, private investor and financial institution funds, and other lawful sources of funds and revenues as the municipality and developer from time to time may deem appropriate.

The Business District may be or become contiguous to or be separated only by a public right-of-way or forest preserve district property from one or more other business districts created by the Village in accordance with the Act (65 ILCS 5/11 74.4 4 et. seq.). The Village may utilize business district sales tax revenues received from the Business District to pay eligible costs, or obligations issued to pay such costs, in such other business districts, and vice versa. The amount of revenue from the proposed Business District made available to support such

business districts, when added to all amounts used to pay eligible business district project costs within the proposed Business District, shall not at any time exceed the Total Business District Project Costs described in **Table 2** of this Plan.

If necessary, the plans for other business districts that may be or already have been created under the Act may be drafted or amended, as applicable, to add appropriate and parallel language to allow for the transfer and utilization of relevant sales tax revenues between such districts.

The Antioch Central Business District may be or become contiguous to or be separated only by a public right-of-way or forest preserve district property from the Antioch East Business District. The Village anticipates utilizing business district sales tax revenues received from the Antioch East Business District in order to achieve the goals and objectives of this Plan, and vice versa.

Issuance of Obligations

To finance Business District Project Costs, the Village may issue bonds or obligations secured by the anticipated Business District Retailers' Occupation Tax and Business District Service Occupation Tax generated within the Business District, or such other bonds or obligations as the Village may deem as appropriate.

All obligations issued by the Village pursuant to this Plan and the Act shall be retired in the manner provided in the ordinance authorizing issuance of such obligations, by the receipts of taxes from the Business District and by any other revenue designated or pledged by the Village. The final maturity date of any such obligations that are issued may not be later than 20 years from their respective dates of issue or the dissolution of the Business District, whichever is earlier.

In addition to paying Business District Project Costs, Business District revenues may be used for the scheduled and/or early retirement of obligations, as provided in the ordinance issuing such obligations. As provided in the Act, following payment or reimbursement for all Business District Project Costs, any surplus funds in the Fund will be deposited into the Village's general corporate fund.

5. Establishment and Term of District

Pursuant to the Act, the term of the Business District shall not exceed 23 years from the date the ordinance approving this Plan and designating the District is approved. The Business District Retailers' Occupation Tax and Business District Service Occupation Tax will be imposed for no longer than the term of the District.

6. Provisions for Amending Plan

This Plan may be amended pursuant to the provisions of the Act.

Appendix 3. Limitations of Engagement

The Eligibility Study covers events and conditions that were determined to support the designation of the Study Area as a “blighted area” under the Act at the completion of our field research in November 2018 and not thereafter. These events or conditions include, without limitation, governmental actions and additional developments.

This Eligibility Study and Business District Plan document (the “Report”) summarizes the analysis and findings of the consultant’s work, which, unless otherwise noted, is solely the responsibility of SB Friedman. The Village is entitled to rely on the findings and conclusions of the Report in designating the Study Area as a business district under the Act. SB Friedman has prepared the Report with the understanding that the City would rely: (1) on the findings and conclusions of this Report in proceeding with the designation of the business district and the adoption and implementation of this Business District Plan; and (2) on the fact that SB Friedman has obtained the necessary information including, without limitation, information relating to the equalized assessed value of parcels comprising the RPA, so that the Report will comply with the Act and that the Study Area can be designated as a business district in compliance with the Act.

The Report is based on estimates, assumptions, and other information developed from research of the market, knowledge of the industry, and meetings during which we obtained certain information. The sources of information and bases of the estimates and assumptions are stated in the Report. Some assumptions inevitably will not materialize, and unanticipated events and circumstances may occur. Therefore, actual results achieved will necessarily vary from those described in our Report, and the variations may be material.

The terms of this engagement are such that we have no obligation to revise the Report to reflect events or conditions which occur subsequent to the date of the Report. These events or conditions include, without limitation, economic growth trends, governmental actions, additional competitive developments, interest rates, and other market factors. However, we will be available to discuss the necessity for revision in view of changes in economic or market factors.

Preliminary business district revenue projections were prepared for the purpose of estimating the approximate level of revenues that could be generated by proposed projects and other properties within the proposed business district boundary and from inflationary increases in sales. These projections were intended only to assist in preparing a budget for the Business District Plan.

As such, our Report and the preliminary projections prepared under this engagement are intended solely for your information, for the purpose of establishing a business district. These projections should not be relied upon for purposes of evaluating potential debt obligations or by any other person, firm or corporation, or for any other purposes. Neither the Report nor its contents, nor any reference to SB Friedman, may be included or quoted in any offering circular or registration statement, appraisal, sales brochure, prospectus, loan, or other agreement or document intended for use in obtaining funds from individual investors, without prior written consent.
