

Community Vision Workshop

OPEN TO THE PUBLIC

The public is cordially invited to attend a workshop to help Antioch establish its community vision on December 4, 2013 at 6:30 pm.

A vision is sometimes described as an ideal picture of the future. However, it is much more than this – it is a community’s aspiration, and its inspiration. It is a description of what Antioch would like to achieve or accomplish, and will serve as the framework for choosing courses of action. The vision answers the question, “Where do we want to go?”

The public workshop will take place at:
Antioch Community High School
1133 Main Street,
Antioch, IL 60002
